If, due to causes within its reasonable control, Elsevier is unable to provide the Institution with access to the service for a period exceeding twenty-four (24) consecutive hours, then Elsevier shall extend the term of the Agreement for corresponding period at no additional cost to the Institution.

If Elsevier is unable to provide the Institution with access to the service for a period exceeding five (5) consecutive days, then Elsevier shall refund to the Institution the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the then current year.

If the withdrawal represents more than five (5 %) percent of the content comprising the Subscribed Products, Elsevier shall reduce the amount of the Fees that is proportional to the amount of content withdrawn and to the remaining unexpired portion of the term of the Agreement. The Freedom Collection Journal Title List is available at [https://www.elsevier.com/\\_data/promis\\_misc/sd-content/journals/freedomcoll.xls](https://www.elsevier.com/_data/promis_misc/sd-content/journals/freedomcoll.xls) and is updated annually.

However, an Institution and the Consortium may reproduce or publicly distribute annual usage reports created from such usage data reports online on their institutional website, provided that such reports only contain the aggregate usage numbers within an Institution and do not specify the usage per article or publication title. Elsevier will make commercially reasonable efforts to comply with the then currently valid COUNTER Code of Practice.

## **SECTION 3. INSTITUTION PERFORMANCE OBLIGATIONS.**

### 3.1 *Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol (“IP”) address(es) indicated by each Institution in Schedule 2. The Institution may, subject to the terms and conditions of this Agreement, use Finna to access the Subscribed Products, which portal is based on software developed by VuFind and SFX application software or another information retrieval portal in use.

### 3.2 *Protection from Unauthorized Access and Use.*

The Institution will use reasonable efforts to:

- limit access to and use of the Subscribed Products to Authorized Users and notify all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
- issue any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulge any passwords or credentials to any third party, and notify all Authorized Users not to divulge any passwords or credentials to any third party;
- provide accurate IP addresses, as identified on Schedule 2 for the exclusive use by the Institution unless otherwise mutually agreed and promptly inform Elsevier of any changes to the Institution IP addresses, including the addresses no longer being used exclusively by the Institution; and
- promptly upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access of the IP address(es), passwords, session ID’s and/or delegated authentication mechanism from which the unauthorized use occurred upon notice to the Institution and any suspended access shall be promptly restored once the unauthorized use has ceased and the Institution has taken corrective actions to ensure that such unauthorized use does not recur. Elsevier shall also have the right to request that the Institution terminate access to the Subscribed Products by an Authorized User who engages in unauthorized use. The Institution will not be liable for unauthorized use of the Subscribed Products by any Authorized Users or third party, provided that the Institution did not cause, knowingly assist in or condone such breach or permit such unauthorized use to continue after having actual notice thereof.

### 3.3 *Security Requirements.*

Each Institution agrees that it will implement reasonable security policies, procedures, access control methodologies and network protection techniques to safeguard access to the Subscribed Products. If an Institution becomes aware of any unauthorized use of the Subscribed Products by an Authorized User or third party, the Institution will promptly notify Elsevier and shall take reasonable and appropriate steps to ensure that such activity ceases and to prevent any recurrence.

#### **SECTION 4. FEES AND PAYMENT TERMS.**

The Consortium will pay to Elsevier the fees set forth in Schedule 1 (the “Fees”) within sixty (60) days of date of invoice. The yearly Fees will be invoiced annually. Elsevier shall send to the Consortium an e-version of the invoice within 1 week of the date of invoice. The Fees shall be exclusive of any sales, use, value added, withholding or similar tax and the Institution shall be liable for any such taxes imposed by the Finnish tax authority in addition to the Fees. The Institution shall be charged local value added tax (VAT) unless the Institution is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Institution shall promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Institution any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

#### **SECTION 5. DURATION.**

##### *5.1 Term.*

The term of this Agreement shall commence on 1<sup>st</sup> of January 2024 and shall automatically terminate on 31 December 2025 (“Term”).

Upon the Institution’s written request to Elsevier (sent at least sixty (60) days in advance prior to the expire of the Term via the National Library), the Institution has the option to extend the Term for an additional year, from January 1, 2026 up to and including December 31, 2026 (the “Optional Year”). If the Institution requests this option, the Institution agrees that the terms and conditions of this Agreement will continue to apply, and the publishing rights described in Schedule 3 will extend until the end of the Optional Year.

##### *5.2 Removal of Institution Due to Insufficient Budgetary Allotment from Government*

An Institution may be removed from this Agreement provided that written notice is given by the Consortium to Elsevier by 1 September prior to the start of the next calendar year of the Term, if (1) sufficient funds are not provided, allocated or allotted in future government-approved funding or other external funding of such Institution or reasonably available or expected to become available from other sources at the time the Consortium’s payment obligation attaches to permit such Institution, in the exercise of its reasonable administrative discretion, to continue this Agreement or in case of closure of departments, (2) changes relevant to this Agreement occur in such Institution’s permission to organize higher level education or other legislation regarding such Institution and relevant to this Agreement. When an Institution is removed from this Agreement its Fees as stated in Schedule 1 shall also be removed from Schedule 1 and the Institution shall be removed from Schedule 2.

Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to removal, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided. For avoidance of doubt, Elsevier is not obligated to refund any Fees under this Section 5.2.

##### *5.3 Termination for Insolvency or Bankruptcy.*

In addition to the automatic termination at the end of the Term as set out in Section 5.1, either party may terminate this Agreement upon written notice in the event the other is insolvent, files a petition in bankruptcy, or makes an assignment for the benefit of creditors. For avoidance of doubt, the termination as set out in this Section 5.3 will only affect the Institution in question. Upon termination of this Agreement as set out in this Section 5.3 due to Elsevier, Elsevier shall refund the proportion of the paid Fees that represents the paid, but unused part of the remainder of the Term.

##### *5.4 Change in Control.*

If a change in control of an Institution occurs, or an Institution merges with or acquires an institution not set forth in Schedule 2, the Institution shall promptly notify Elsevier of such change. Any material changes in the number of Authorized Users arising from above mentioned change may result in early

termination regarding the Institution in question unless the parties are able to agree to appropriate fee adjustments. Entering into any other kind of affiliation, or cooperation or partnership with another organization, does not give the Institution the right to grant access to the Subscribed Products to any such affiliation, cooperation or partnership organization, unless such right is granted in writing by Elsevier by means of an amendment to this Agreement.

5.5. *Adding Institutions.*

Institutions may be added to Schedule 2 subject to an appropriate adjustment of the Fees for any added Institutions to be agreed upon between the parties by means of an amendment to this Agreement.

**SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

6.1 *Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities.*

Elsevier shall indemnify, defend and hold harmless the Institution and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Institution will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation shall survive the termination of this Agreement.

6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY FOR A PARTICULAR PURPOSE OR FITNESS FOR A PARTICULAR PURPOSE.

6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein, gross negligence, wilful misconduct, fraud and to the extent permitted by applicable law, in no event shall Elsevier or its suppliers nor the Institutions be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, or shall the liability of Elsevier and its suppliers to the Institutions exceed a sum equal to the Fees paid by the Institutions hereunder, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

For the avoidance of doubt, each Institution shall only be liable for its own actions and/or defaults.

**SECTION 7. GENERAL.**

7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers)

that prevents it from fulfilling its obligations under this Agreement (any such circumstances being “Force Majeure”) will be deemed a breach of this Agreement. Notwithstanding the foregoing, a party’s

financial inability to perform its obligations will in no event constitute a Force Majeure. Should the period of Force Majeure exceed ninety (90) days, the party not being in a situation of Force Majeure may terminate this Agreement, and such termination shall not constitute a breach herein.

#### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement shall not affect any other provisions of this Agreement.

#### 7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein.

#### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Agreement shall be valid unless in writing and signed by the parties.

#### 7.5 *Assignment.*

Each Institution shall not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent shall not unreasonably be withheld.

#### 7.6 *Privacy.*

Elsevier’s processing of personal data is subject to the privacy policy applicable to the Subscribed Products. Elsevier and the Consortium shall comply with applicable data protection laws and regulations in connection with this Agreement.

Elsevier will not, without the prior written consent of the Institution, transfer any personal information received by Elsevier from the Institution or Consortium under this Agreement to any non-affiliated third party, except (i) to applicable service providers to the extent necessary to perform their functions for Elsevier to fulfil its obligations under this Agreement; and (ii) if the Subscribed Products are acquired by another company, or use it for any purpose other than as described in this Agreement.

#### 7.7 *Notices.*

All notices given pursuant to this Agreement shall be in writing and delivered to the party to whom such notice is directed at the address specified below.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX, Amsterdam, The Netherlands.

If to the Consortium and/or the Institution: Consortium FinELib, The National Library of Finland, FinELib P.O. Box 15, FIN-00014, University of Helsinki, Finland

#### 7.8 *Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

#### 7.9 *Power of Attorney.*

The Consortium represents and warrants that the Institutions acknowledge and agree to be bound by the terms and conditions of this Agreement, including but not limited to the restrictions on access and use of the services as set forth in the Agreement. Each Institution shall be responsible for and make payment of its Fees as specified in Schedule 1 due for access to and use of the services as specified in this Agreement to the extent that the Consortium fails to make any such payment. The Consortium will make available a copy of this Agreement to each Institution set out in Schedule 2.

#### 7.10 *Training.*

Subject to the terms and conditions as set out in this Agreement, the Institution will be entitled to promote and provide training on the Subscribed Products (including Elsevier trademarks, screenshots and logos) to Authorized Users. Librarians, as defined in the authorized user definition in Section 1.2 above, will be allowed to electronically save and post for training purposes on the Institution's internet and intranet websites a reasonable number of screenshots, including Elsevier trademarks and logos.

Elsevier will provide training sessions for the Institution regarding the use of the Subscribed Products without charge during the Term via the internet.

#### 7.11 *Governing Law and Consent to Jurisdiction.*

This Agreement will be governed by and construed in accordance with the laws of Finland without regard to conflict of law principles. Parties further consent that if a party files a claim against the other party, the claim will be filed at the forum chosen by the other party. Elsevier chooses the competent courts of Amsterdam as its chosen forum and the Institution chooses the competent courts of Helsinki as its chosen forum.

#### 7.12 *SUSHI Service.*

The librarians/administrators employed by the Consortium may extract data in XML form on the usage activity of each Institution relating to the Subscribed Products in compliance with the then current SUSHI Protocol ("SUSHI Data") from the Elsevier SUSHI Service ("SUSHI Service") and store such SUSHI Data on its secure Consortium server: i) to perform internal usage studies ii) to create usage data reports, which may be made freely available to the Institution through the Consortium's secure usage data service, and iii) reproduce and/or publicly distribute usage reports created from the SUSHI Data and/or other usage data accessible online on the Consortium website, provided that such reports do not specify the usage per article or publication title (the "Activities"). The Consortium may engage subcontractors for providing technical services in relation to any of the Activities.

#### 7.13 *Use of Data by Institution.*

The librarians/administrators employed by the Institution may use the SUSHI Data and other usage data made accessible online by Elsevier under Section 7.12 to: i) create internal reports or studies on usage and ii) reproduce or publicly distribute annual usage reports created from the SUSHI Data and/or other usage data accessible online on their institutional website, provided that such reports only contain the aggregate usage numbers within such Institution and do not specify the usage per article or publication title.

#### 7.14 *Compliance with Sanctions Laws.*

Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

Elsevier confirms that it is currently not the subject or target of any sanctions imposed by the sanctions authority of the European Union or the United Nations and neither is any person or entity that is an owner of Elsevier or otherwise has control over Elsevier. In addition, the Consortium confirms that neither it nor to the best of its knowledge that any of the Institutions are the subject or target of any sanctions imposed by the sanctions authority of the European Union or the United Nations.

Elsevier and the Consortium will inform the other, without delay, if there are any changes in the sanction's status of Elsevier, the Consortium, its member institution or the aforementioned person or entity. If there is a change in the aforementioned sanctions status both parties have the right to terminate this Agreement immediately upon notice and if applicable Elsevier will issue a pro-rata refund of any unused prepaid Fees paid.

7.15 *Confidentiality.*

This Agreement including all schedules is not considered confidential. Elsevier acknowledges that the Consortium and/or Institution(s) is intending to publish the Agreement including all schedules.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

The Consortium shall promptly notify Elsevier of any changes to any of the contact information above.

**ELSEVIER SUBSCRIPTION AGREEMENT**  
**Schedule 3**  
**Open Access Terms**

**1. Definition**

- 1.1. Corresponding authors affiliated with a Consortium shall be referred to as “Corresponding Author(s)”. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.

**2. Open Access**

- 2.1. During the Term, Corresponding Authors are granted the right, subject to the terms of this Schedule 3, to publish open access articles in:

- (a) core hybrid Freedom Collection journals and core hybrid Freedom Collection journals that were also an Eligible Journal and converted to Fully Gold Open Access during 01/01/21-31/12/23 as set out in Annex A to this Schedule 3;
- (b) Fully Gold Open Access journals as set out in Annex B to this Schedule 3;
- (c) Certain Institutions may also have the right to publish articles open access in other core hybrid journals outside of the Freedom Collection under this Schedule 3 pursuant to separate Elsevier subscription agreements between such Institution and Elsevier (together the “Eligible Journals”).

- 2.2. Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.

If a core hybrid journal that is also an Eligible Journal converts to fully gold open access during the Term, such journal will remain an Eligible Journal as defined in 2.1. (a) or 2.1. (c) under this Agreement. Elsevier will report annually how many Elsevier's journals have flipped during the year from/to a subscription model to/from an open access model, including hybrid model.

- 2.3. The eligible journal article types under this Agreement are peer-reviewed articles and include full length journal articles, review articles, short communications, case reports, short reviews (surveys), original software publications, data articles, micro-articles, protocols, replication studies and videos.

- 2.4. If accepted for publication in an Eligible Journal as defined in 2.1 (a) and (c), Corresponding Authors may publish the following number of open access articles during the Term, without having to pay an article publishing charge (“APC”):

- (a) a total of 1,800 open access articles for the calendar year 2024; and
- (b) a total of 1,800 open access articles for the calendar year 2025.
- (c) And in the Optional year, a total of 1,800 open access articles for the calendar year 2026.

- 2.5. If there are any unused open access articles at the end of 2024, such articles will carry over to the next calendar year. If the total number of open access articles is exhausted in 2024, open access articles from the following calendar year's total may be used. If the Term is extended via an Optional Year as defined in Section 5.1 above: if there are any unused open access articles at the end of 2025, such open access articles will carry over to the next calendar year. If the total number of open access articles is exhausted in 2025, articles from the following calendar year's total may be used. Unused open access articles will expire at the end of the Term and are not refundable.

### 3. Additional Pricing

Corresponding Authors may publish in eligible Fully Gold Open Access journals as defined in 2.1. (b) at a 15% discount on the APC, based on the then current list price set forth at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist>.

### 4. Workflow

- 4.1. The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under this Agreement. In order to benefit from the commercial arrangements mentioned in this Schedule 3, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Term.
- 4.2. In Elsevier's journal workflow, the Corresponding Author must specify the Institution that they are affiliated to by selecting the correct Institution name from the list offered by the Elsevier Open Access Platform ("EOA Platform"), and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options.
- 4.3. In Elsevier's journal workflow, open access and the CC-BY license will be the preselected choices. In the event a Corresponding Author has chosen the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC BY or CC BY-NC-ND license as determined by the Corresponding Author, subject to the conditions and process set forth herein with the authors of such article retaining their copyright. For the avoidance of doubt, CC BY license is available for all Eligible Journals without restrictions.
- 4.4. If a Corresponding Author chooses a license other than CC-BY, Elsevier will facilitate upon request of the Corresponding Author the possibility to change the license to CC-BY within 90 days of publication. The conversion of the license is not considered use of an article from the totals set out under clause 2.4 above. A Corresponding Author that has published a journal article under a subscription model in an Eligible Journal may notify Elsevier by 31 January of the following year that they wish to retroactively convert the journal article, so that it is published open access. Corresponding Authors that choose to do so as part of this Agreement will be able to use any remaining unused articles from the totals set out under clause 2.4 above or will pay the then current APC list price as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> if there are no unused articles available and/or the journal is not an Eligible Journal.
- 4.5. The EOA Platform requires each Institution to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the Institution, and will provide the Institution with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding,

submission and acceptance date of the article and the APC. The Institution will receive a notification via email to validate a Corresponding Author's eligibility on the EOA Platform. Each Institution will have access to the EOA Platform in order to validate a Corresponding Author's eligibility within 15 business days after Elsevier sends an eligibility validation notification to the Institution via the EOA Platform ("Validation Date"). APC requests for open access articles covered by the APC quota as detailed in clause 2.4 of this Schedule 3, as well as fully gold journal discount requests, as detailed in section 3 of this Schedule 3, will need to be validated by administrators.

- 4.6. Eligible articles are published online without delay.

## **5. Payment and Invoicing**

- 5.1. In the event that the maximum number of open access articles set out under clause 2.3 above has been reached or the Institution does not validate the eligibility of an author by the Validation Date, the relevant Corresponding Author will have the option to proceed with the publication and pay the APC themselves at the then current APC list price as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> or to [publish the article on a subscription basis](#). If the Corresponding Author chooses to pay the APC, Elsevier will send the invoice to the address provided by the Corresponding Author. Alternatively, the Corresponding Author may choose to publish their article under the subscription model without charge.
- 5.2. If the Corresponding Author chooses to pay the discounted APC for Fully Gold Open Access journal pursuant to clause 3.1, Elsevier will send the invoice to the address provided by the Corresponding Author.
- 5.3. Corresponding Authors who have paid their own APC for an eligible article accepted for publication in an Eligible Journal, as listed in Annex A to this Schedule 3, during the Term will be entitled to a refund of the relevant APC.
- 5.4. Corresponding Authors who have paid their own APC in full for an eligible article accepted for publication in an Eligible Journal, as listed in Annex B to this Schedule 3 during the Term will be entitled to a refund of the relevant discounted amount.

## **6. Reporting**

- 6.1. The Consortium and each Institution will have access to monthly reporting that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by this Agreement. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, , date of submission, date of acceptance (AM Acceptance eligibility date), article access type (full open access/hybrid open access/subscription), EOAP status (accepted/rejected/pending), journal access type owner (Elsevier/Society), parent agreement acronym, journal title, ISSN, article title, article type, article APC and discount (if any), open access Y/N, DOI, and CC license type.
- 6.2. Elsevier will provide annually an updated list of journals that are eligible for open access publishing as part of this Agreement.

**Annex A to Schedule 3**  
**Eligible Journals as defined in 2.1 (a)**

The list of eligible core hybrid journals and core hybrid journals that were also an Eligible Journal and converted to Fully Gold Open Access during 01/01/21-31/12/23 may from time to time be subject to non-material changes, including but not limited to, changes resulting from the addition of new journal titles, journal transfers and changes of business model or ownership.
