Product Terms**COMPACT**

WHEREAS, the Licensor, and the Licensees intend to establish a legal and economic framework to allow: (a) Eligible Authors to publish open access articles in the Open Choice journals listed in Schedule 1 (Open Choice Journals), whereby article processing charges would be already considered as a part of the overall fees under these Product Terms; and (b) access to the journals listed in Section 4 of Part B (Content). Licensor will provide (i) the Publishing Services to each Licensee for the benefit of Eligible Authors of the Licensees and (ii) access to the Content by the Authorized Users of Licensees. The National Library of Finland is paying the Fees on behalf of the Licensees in consideration of Licensor's provision of such Publishing Services to the Licensee for the benefit of Eligible Authors of the Licensees and access to the Content by Authorized Users of Licensees.

These Product Terms incorporate the following Schedules:

- Schedule 1 Open Choice Journals
- Schedule 2 APC Rates

Term of these Product Terms (applicable to Part A and B):

The Term shall begin on 1st Jan 2021 (the "Commencement Date") and shall end on 31st December 2023 unless terminated earlier in accordance with this License Agreement.

PART A – OPEN ACCESS PUBLISHING**1. Definitions**

1.1 The following terms shall have the following meanings when used within these Product Terms, and shall apply in addition to the definitions included in Section 1 of the General Terms and Conditions:

- 1.1.1 **"APC Fund"** means the fund from which Eligible Authors can publish Eligible Articles and corresponds to the Publishing Fee as specified in the License Fee section of this Agreement;
- 1.1.2 **"Article Approval Process"** means the Publisher's standard approval portal for journals (excluding any Non-Standard Journals);
- 1.1.3 **"Article Processing Charge"** means the Publisher's article processing charge for publishing an open access article in the applicable journal, as specified in Schedule 2 (APC Rates);
- 1.1.4 **"Eligible Authors"** means authors who (i) are **"Affiliated"** with a Licensee as Authorized Users excluding Walk-in-Users, whereby in case of articles published by multiple authors, only the corresponding author may qualify as an Affiliated Author, (ii) have signed one of the then current open access publishing agreements used at the Licensor to publish an article in one of the Licensor's Open Choice Journals under an Open Access License, and (iii) for which a Licensee has confirmed the status as Affiliated Author.

For the avoidance of doubt, it is the sole responsibility of the Licensee to verify if an author is an Affiliated Author. If the Licensee confirmed the affiliation of an author with respect to an article, this author shall be deemed an Affiliated Author.

- 1.1.5 **"Eligible Articles"** means articles (i) which are original and not infringe on any law and/or third party right and meet all ethical standards as required in the current guidelines of the Commission for Publication Ethics (COPE) and other policies of the Licensor, (ii) which are written by Eligible Authors, (iii) which are editorially accepted by the Licensor for publication in an Open Choice Journal, with an acceptance date not later than 31.12.2023, and (iv) which are in one of the following article types:

- a) Original Paper – Standard article, usually presenting new results; articles published under this article type may also be referred to as Original Research, Original Article, Original Paper or Research Paper.
- b) Review Paper – Standard article, interpreting previously published results.
- c) Brief Communication – Short article submitted for rapid publication that exhibits the same structure as a standard article.
- d) Continuing Education – Article forming integral part of further education (usually medical).

1.1.6 **“Non-Standard Journals”** means the journals which are not published in the Licensor’s standard publications workflow, and/or in which respect the Licensor does not control the publication workflow and/or the terms and conditions under which such journals are published. Non-Standard Journals are marked accordingly in Schedule 1 (Open Choice Journals), but Licensor may change the designation of journals from Non-Standard to standard from time to time during the Term.

1.1.7 **“Open Access License”** means a Creative Commons license used for the publishing of Eligible Articles in Open Choice Journals. The Licensor currently offers CC BY 4.0 and CC BY-NC 4.0, but these are subject to change to newer versions of the said licenses at any time by the Licensor. CC BY-NC is currently offered by the selected journals defined in Schedule 1. It is understood that journals may during the Term offer other license options. If more than 2% of the Open Choice Journals choose to change the license from the currently offered license specified in Schedule 1, the Licensor shall promptly inform the Licensee through the National Library of Finland, and the Licensee shall have the right to terminate the License Agreement by written notice to Licensor in accordance with Section 7.2 of the General Terms and Conditions within 30 days upon the date of notification, such termination being effective with the beginning of the month of the Term following receipt of termination notice. For avoidance of doubt this clause does not prevent the Licensor from implementing CC0-license for data or changing the license from CC BY NC to CC BY.

For Clarity: If an Affiliated Author wishes to publish its article under another open access license than the agreed CC BY 4.0 or CC BY-NC 4.0 as specified per title in Schedule 1 (also allowing newer versions of those licenses) those articles shall not be subject to these Open Access Publishing Product Terms. In case the Article Processing Charge for any such article is deducted from the APC Fund, Licensor will correct the APC Fund of Licensee promptly upon knowledge.

1.1.8 **“Open Choice Journals”** means Licensor’s open choice journals available for publication under these Product Terms. A current list is attached in Schedule 1. Such new, start-up journals initiated by Licensor and first published during Term (“New Starts”) which Licensor, at its choice, qualifies as Open Choice Journals will automatically be available to Eligible Authors. The list of Open Choice Journals will be updated on an annual basis (including New Starts) at the latest 30 days prior to the end of the calendar year. If the total number of Open Choice Journal titles is reduced by 5% or more compared to the title list of the respective previous year of the Term, Licensee shall be entitled to terminate this License Agreement by written notice, to be received by Licensor until the 15th of December the latest, the termination being effective at the beginning of the subsequent year of the Term. Additionally if the number of Open Choice Journal titles in a main discipline with more than fifty (50) titles (according to Schedule 1) is reduced by more than 30% compared to the title list of the previous year, only such Licensee(s) whose publishing activity in such main discipline represents more than 30% of its overall Eligible Articles within the respective year, shall be entitled to terminate this License Agreement by written notice, to be received by Licensor until the 15th of December the latest, the termination being effective at the beginning of the subsequent year of the Term.

1.1.9 **“Publishing Services”** means Licensor’s services covered by the standard list price article processing charge at the relevant Open Choice Journal procured by Licensee for the publication of an Eligible Article. Publishing Services include a) pre-publishing services, which include managing the publishing process, article review, typesetting and formatting, production and hosting, liaison with abstracting and indexing services, and customer services, and identification and verification workflow of Eligible Authors, and b) (subject to the Eligible Author agreeing to the journal publisher’s publishing terms, and subject

to these Product Terms), the publication of the Eligible Article in an Open Choice Journal. For clarity, the manner of provision of services listed in point a) may vary from journal to journal based on their applicable workflows.

2. Open Access Publishing

Publication of Eligible Articles

2.1.1 Eligible Authors will retain copyright in the Eligible Article, subject to the following exceptions: for articles published in Non-Standard Journals, or if requested by the author, and/or otherwise required by mandatory law or third parties (such as funding bodies or author's employer). For avoidance of doubt, Affiliates of Licensor or owners of the Open Choice Journals (excluding Non-Standard Journals) are not considered a third party under this Section

2.1.2 With the start of the Term, Licensor will start the identification process of Eligible Authors according to these Product Terms. For the avoidance of doubt: Eligible Articles may therefore include articles with a date of editorial acceptance prior to the start of the Term. Any Article Processing Charge for an Eligible Article submitted by an Eligible Author shall be deducted by the Licensor from the APC Fund upon the date when the Licensee has confirmed the status of the author as an Affiliated Author and Licensor shall then publish such Eligible Article on its Platform under the applicable Open Access License. The APC for any article submitted to the Licensor from an Affiliated Author, which is not an Eligible Article, will not be deducted from the APC Fund and will be charged separately under the Licensor's standard process; alternatively such author may choose to submit its article for publication on a subscription basis. Upon expiry of Term, any remaining APC Fund will not be refunded. The Licensee operates a '**compulsory Open Access policy**' whereby all Eligible Authors shall be required to publish Eligible Articles under an Open Access License. If an Eligible Author wishes to publish an Eligible Article on a subscription basis, and the Eligible Author contacts the Licensee on this point, the Licensee shall reject the Eligible Author at the authorization stage under Section 2.2.4.

2.1.3 Eligible Articles will be published under the Open Access License at Publisher's Platform. Licensor shall use its best efforts to provide online access to the Eligible Articles published under the Open Access License at Publisher's Platform at all times and on a twenty-four hour basis, subject to periodic unavailability due to (a) unexpected technical issues outside of Licensor's control, and (b) server and software maintenance. Licensor further agrees to restore access as promptly as possible using best efforts in the event of an interruption or suspension of service. All of Licensor's obligations under this Section are subject to (i) Licensee's timely payment of the Publishing Fees. Licensee acknowledges that access requires full compliance with Licensor's reasonable instructions regarding access to the Eligible Articles, whereby reasonable instructions in the aforementioned way shall mean measures in accordance with the then current standard of technology (Licensor must receive notification of a loss of access or interruption, specifying the circumstances in reasonable detail. Further, Licensor shall have no obligation under this Section for any unavailability caused in whole or in part by a Licensee or its Authorized Users or any third party.

2.1.4 The number of Eligible Articles as set forth in the quarterly reports as per Section 2.1.3 will be determined by the date on which the relevant Article Processing Charge was deducted from the APC Fund.

2.1.5 The Licensor will report to the National Library of Finland acting on behalf of the Licensees, on a monthly basis how many Eligible Articles have been accepted and approved by Licensee and, if applicable, the Licensor will also report any articles in which regard the Licensee has rejected the status of the author as an Affiliated Author pursuant to these Product Terms. The report shall contain the following information regarding the Eligible Articles: a) Name and email address of the Eligible Author b) Name of the Licensee c) Funding organisation (research funder) if provided by author d) Date of acceptance of Eligible Article (provided that the policy of the Open Choice Journal is to display the date of acceptance of the published article) e) Date of publication if applicable f) Open Choice Journal title g) ISSN h) Eligible Article title i) Eligible Article type j) DOI k) Open Access License l) list APC and contracted Article Processing Charge m) approval date n) allocation month.

In addition the National Library of Finland and Licensee can access and download reports via the Article Approval Process. The reports contain the following information: membership institute (Licensee), article title, DOI, article type, journal title, ISSN /eISSN license type, subject, submission date, acceptance date, approval/rejection date, approval requested date, approver, online first publication date, online issue publication date, contracted APC, corresponding author name, contributing authors, funder information.

2.1.6 The Licensors shall notify the National Library of Finland when the APC Fund is due to run out. The Licensors shall endeavor to submit such notification 6 weeks before the APC Fund runs out.

2.1.7 In case the APC Fund is not sufficient to cover any more Article Processing Charges, the Licensors will stop accepting Eligible Articles for open access publication pursuant to these Product Terms. Under such circumstances, the Licensors will notify the National Library of Finland and the relevant Licensee and either:

2.1.7.1 the National Library of Finland or the relevant Licensee may, at its sole discretion, decide to pay the APC for any relevant Eligible Article within 14 calendar days of receipt of the notice; or

2.1.7.2 where the National Library of Finland or relevant Licensee has not notified the Licensors according to Section 2.1.7.1., and an Eligible Author approaches the Licensors with the desire to publish an article, and pay the APC by himself/herself or by a third party, the Licensors reserves the right to publish such article; or

2.1.7.3 if Sections 2.1.7.1.) or 2.1.7.2. do not apply, the Eligible Article may be published on a subscription basis.

2.1.8 The Licensors undertake to use reasonable efforts to use ORCID (<http://orcid.org/>) throughout the workflow from submission to publication and expose Eligible Author's ORCID ID in Eligible Articles and via Abstracting & Indexing (A&I) services, CrossRef and other discovery services. It is the Eligible Author's responsibility to provide all necessary details in respect of its ORCID ID to the Licensors. This Section does not apply to Non-Standard Journals.

2.1.9 Except for the last year of the Term, Licensors will calculate the annual average published list price APC for Eligible Articles for the respective year of the Term upon its expiry. If the annual average list price APC for Eligible Articles during the respective year of the Term is less than the agreed APC Rate (as specified in Schedule 2) for such year, the lower annual average list price APC shall be applied to all Eligible Articles of the respective year. During the last year of the Term Licensors shall calculate the annual average published list price APC for Eligible Articles at the same time as it informs the National Library of Finland according to Section 2.1.6 above about possible run-out of the APC Fund. If the average list price APC for Eligible Articles during the respective time-period is less than the agreed APC Rate (as specified in Schedule 2), the lower average list price APC shall be applied to all Eligible Articles of the respective time period.

Licensors shall credit any overpayment resulting from a lower average list price than the agreed APC Rate for the respective period back to the APC Fund and the total remaining APC Fund can then be used up to the end of the Term of the License Agreement.

2.1.10 If the National Library of Finland defaults with respect to payment of the Fees in accordance with these Product Terms and the Agreement, Licensors may, pursuant to Section 7.4 (a) of the General Terms and Conditions, with respect to any articles not yet published, cease (i) the author identification process, (ii) submission to the Licensee of articles of Affiliated Authors for approval according to Section 2.2.4. and (iii) publication of any Eligible Article (excluding Eligible Articles covered by previously paid Publishing Fees under this License Agreement under these Product Terms. Licensors, however, shall be free to offer to enter into separate agreements with Affiliated Authors affected by such default for publishing services subject to payment of any applicable article processing charge by the relevant Affiliated Author(s). For clarity, within ten business days after the National Library of Finland cures its payment default, Licensors shall recommence the activities set forth in

subparagraphs (i) – (iii) above, however Licensor shall not be obliged to recommence the activities for any articles processed between cessation of activities and recommencing the activities.

2.2 Editorial Independence

2.2.1 Nothing herein contained shall oblige the Licensor or any third party to accept or publish any article submitted to the Licensor by an Eligible Author. The Licensees acknowledge that the selection of material to be accepted and published by the Licensor or a third party in control of the publishing process is entirely at the discretion of the Licensor or said third party. The Licensees waive any claim they may have against the Licensor or said third party in the event that the Licensor or said third party refuses or declines to publish any material (or part thereof) submitted by an Eligible Author.

2.2.2 Process for identification of Affiliated Authors:

- a) It is the Licensee's responsibility to provide the parameters (currently Licensee's IP-ranges, email domains and Licensee's names) for identification of Affiliated Authors and shall update the Licensor of any changes in those parameters (currently changes in IP-ranges and email domains and Licensee's names) as soon as reasonably practicable.
- b) Affiliated Authors shall identify themselves as follows:
- c) With respect to publication in any Open Choice Journal (which is not a Non-Standard Journal) by selecting either their institution's name or using their e-mail domain or by IP address recognition within the identification process.
- d) Each Non-Standard Journal may have a different process (such as for example institution's name, e-mail domain) for identification of Affiliated Authors. The Licensor will inform Licensee of the identification method used by Non-Standard Journals and the Licensee shall instruct its Authorized Users accordingly. Currently Authorized Users should be instructed to use their institutional email domain and the Licensee's name in communications with Non-Standard Journals in order to be identified accurately.

2.2.3 If an Affiliated Author does not identify themselves in accordance with section 2.2.2. and then publishes such article on a subscription basis or pays the APC themselves, the Licensor shall not be required to then convert the article so that it is released pursuant to an Open Access License, and shall not be required to refund the APC paid by the Affiliated Author.

2.2.4 The Licensor shall notify the Licensee by email each time an author is identified as an Affiliated Author. The respective Licensee shall confirm or deny that the author is "an Affiliated Author pursuant to Section 1.1.4, within 3 business days following such notification, and in the case of confirmation, shall be deemed to have confirmed the Publishing Services for the respective Eligible Article. In case Licensor does not receive either a confirmation or a denial within 3 business days after Licensor has notified the respective Licensee, Licensor will send a reminder, with a 4-day grace period, which shall inform the respective Licensee that Licensor will deem the author to be an Affiliated Author and continue the publishing process, and deduct the for such article from the APC Fund pursuant to these Product Terms, if the set grace period expires without any declaration by the respective Licensee.

2.2.5 During the Term, if the Licensor fails to identify authors as Affiliated Authors despite correctly provided parameters as specified in Section 2.2.2 (as applicable), the Licensor shall be responsible for rectifying the status of the article, subject to the following process:

- a) The National Library of Finland shall notify the Licensor no later than 6 months following the date of first online publication of the relevant article that it believes that the parameters have not been correctly applied.
- b) The Licensor shall promptly upon such notification investigate and confirm to the National Library of Finland whether the parameters have been applied correctly, or incorrectly.

- c) In the event the parameters have been applied incorrectly, the article shall constitute an Eligible Article for the purposes of this Agreement. Accordingly, the Licensors shall request the Eligible Author's written consent to publish the Eligible Article under an Open Access Licence. Upon receipt of the signed open access publishing agreement from the Eligible Author, the Eligible Article shall be subject to a correction which specifies that the Eligible Article is published under an Open Access License going forward.
 - d) The Licensors shall issue the correction described in c) above within 30 days from receipt of the signed open access publishing agreement. The National Library of Finland agrees and acknowledges that any delay by an Eligible Author in signing an open access publishing agreement, or in consenting to the draft language of the correction, shall result in a delay in rectifying the Article's status.
 - e) Upon issuing the correction and rectifying the status of the Eligible Article, the Article Processing Charge for the Eligible Article shall be deducted from the APC Fund in accordance with the terms of this Agreement.
- 2.2.6 The parties may mutually agree in writing to a different, more automated mechanism to verify identification criteria for Eligible Authors.
- 2.2.7 From time to time, the Licensors shall be entitled to revise the identification and verification process described above in order to improve the process for Eligible Authors and Licensees. The Licensors shall notify the National Library of Finland in writing at least 8 weeks in advance of any such changes to the process.
- 2.2.8 All communications specified in Sections 2.2.2 and 2.2.4 above shall be managed through the Article Approval Process, however Parties agree that in exceptional cases communication may also be made via other means (such as e-mail communication). Communications for Non-Standard Journals can be subject to different processes and communication methods.

Licensors will make a pro rata reduction of part of the Reading Fee for the subsequent for the affected year(s) of the Term, taking into account the amount of material withdrawn and the remaining unexpired portion of the Term. In circumstances in which it is not possible for the Licensors to give the Licensee such advance notice, for example because the material to be withdrawn poses a legal risk or a risk to health or life, the Licensors will give as much notice as it can of such withdrawal.

Licensee's (or Licensee's intermediary's) order must state that Licensee is ordering the print versions of the Content under the DDP to obtain such discount.
- 2.4 Licensors shall maintain the Standardized Usage Statistics Harvesting Initiative (SUSHI) protocol (www.niso.org/workrooms/sushi) for the Content covered by this Product Terms on the Platforms.
- 2.5 Licensors shall make available the electronic copy of each journal covered in the Content under these Product Terms, no later than the start of business hours on the day of publication of the printed version. If the changes render the Content less useful in a material respect to the Licensee, the Licensee may within thirty days of such notice treat such changes as a material breach of this License Agreement.

4.6 Licensor reserves the right to discontinue publication or distribution of any part of the Content and to withdraw, edit, amend or retract any part of the Content to which it no longer retains the right to publish or which it reasonably believes is incorrect or may give rise to a legal claim.

For avoidance of doubt, suspending access to all IP addresses is reasonable only if abuse cannot be stopped by suspension of individual IP-address(es).

5. Rights and Obligations of Licensee

5.1 Licensee shall at all times implement reasonable security policies, procedures, access control methodologies and network protection techniques to safeguard access to the Content. Licensee shall use reasonable endeavours to a) notify Authorized Users of the user terms and conditions of this Agreement b) to ensure that only Authorized Users access the Content as permitted under this License Agreement, specifically but not limited to, ensure that passwords or other

credentials used to access the Product are only made available to Authorized Users. Licensee shall terminate access for any individual who ceases to be an Authorized User for any reason without undue delay according to Licensee's internal policies.

In the event that Licensors' performance of its obligations under this License Agreement requires that Licensors receive any personal data of Authorized Users from the Licensee, then Licensee shall obtain, if required by applicable law, all necessary approvals and consent from Authorized Users for transfers of personal data to Licensors. Licensors shall inform the Authorized Users according to applicable data protection law if it plans to use the personal data for any other purpose than what it was received for.

5.2 If Licensee becomes aware of any unauthorized use of the Content by an Authorized User or third party, Licensee shall immediately inform Licensors and shall take reasonable and appropriate steps including disciplinary actions to ensure that such activity ceases and to prevent its recurrence.

5.3 Nothing in this Agreement shall make the Licensee liable for breach of the terms of this Agreement by any Authorized User or a third party provided that the Licensee did not (due to its own breach of this License Agreement and/or its unlawful act or omission) cause such breach, knowingly assist such breach or condone the continuation of such breach after becoming aware of an actual breach having occurred.

6. License Fees

6.1 The National Library of Finland (which through a power of attorney has been entitled to represent the Licensees) shall pay the fees set forth in the License Agreement (the "**License Fees**"). Delayed payments of correctly invoiced License Fees shall be subject to interest charges at the interest rate applicable to commercial contracts according to the Finnish Interest Act.

6.2 Licensors shall provide to the National Library of Finland an appropriate invoice as required by the law. All amounts payable by the National Library of Finland shall be exclusive of any sales, value added or other taxes. If based on Finnish law any

sales, value added or other taxes are or become payable by the National Library of Finland, the National Library of Finland is responsible for paying them. The Licensee shall promptly notify Licensor of any changes to its VAT Identification Number or VAT status. Licensor may charge the Licensee any VAT, fines or penalties that Licensor may incur as a result of incorrect VAT information.

If based on applicable law any other government fees or levies are payable in Finland by the National Library of Finland, these shall be the responsibility of the National Library of Finland.

6.3 The License Fee, or any portion thereof, may be invoiced by a Licensor Affiliate or upon prior written notice to the National Library of Finland by an agent designated by Licensor. The agent shall invoice the Licensee through the National Library of Finland in accordance with this agreement and shall not impose any other terms on the Licensee. Payment will be deemed made when received as applicable by the bank of (i) Licensor (ii) Licensor's Affiliate, (iii) an agent designated by Licensor.

7. Term and Termination

7.1 Any termination right under this Section 7 may be exercised by any Licensee. The National Library of Finland may terminate the agreement on behalf of another Licensee through a power of attorney. In case of a termination by an individual Licensee for one or more Products with respect to Licensor, this License Agreement shall remain in effect with respect to all other Licensees. Licensor may exercise any termination right under this Section 7 against any individual Licensee(s) for the relevant Product(s), provided that in the case of termination by Licensor with respect to an individual Licensee, this License Agreement shall remain in effect with respect to all other Licensees.

7.2 Either Licensor or the Licensee may terminate the License Agreement immediately upon notice to the other party if the other party (Licensor, an individual Licensee or multiple Licensees) materially breaches this License Agreement and fails to cure such breach within thirty (30) days after notice from the non-breaching party specifying the breach in reasonable detail. Licensor shall deduct such part of Licensee's

License Fees representing the unexpired portion of the Term from the total annual License Fees under this License Agreement effective with termination. Such deduction shall however not affect any claim Licensor may have against Licensee regarding the breach of License Agreement. For avoidance of doubt, the Licensor's termination right under this clause applies to the Product(s) regarding which there has been a material breach.

7.3 Either Licensor or Licensee may terminate the License Agreement immediately upon notice to the other party (Licensor, an individual Licensee or multiple Licensees) if (a) a petition in bankruptcy or for a reorganization or arrangement pursuant to the bankruptcy laws is filed by the other party, or (b) a petition in bankruptcy or for reorganization or arrangement pursuant to the bankruptcy laws is filed against the other party and such petition is not dismissed within 90 days, or (c) an order is entered directing the liquidation of the other party, or (d) the other party becomes insolvent, or (e) the other party assigns all or substantially all its assets for the benefit of creditors, or (f) the other party shall apply for, or consent to, the appointment of a receiver, trustee or liquidator for all, or a substantial part, of its assets, or (g) the other party ceases paying its debts on a regular basis, unless prohibited by applicable law. Licensor shall deduct such part of Licensee's License Fees representing the unexpired portion of the Term from the total annual License Fees under this License Agreement effective with termination.

7.4 In the event the Licensee through the National Library of Finland fails to pay the correctly invoiced License Fee for Content provided under one or more Product Terms, and fails to cure such non-payment within 30 calendar days following notice from Licensor, Licensor may, in its sole discretion, either (a) immediately and without further notice suspend access to the Content licensed under such Product Terms or (b) terminate the License Agreement pursuant to Section 7.2 with respect to the Content licensed under such Product Terms.

7.5 If Licensee merges with another organization or sells all or substantially all of its assets or breaks up (hereinafter referred to as "Merger") Licensee shall inform Licensor promptly of the planned Merger and Licensor and Licensee shall re-negotiate the License Fees. In case Licensor and the respective

Licensee(s) do not agree to such proposed adjustment of the Licensee Fees, either Licensors or the Licensee(s) affected by the Merger may terminate the License Agreement with respect to their individual rights and obligations under the License Agreement, until December 1st of any year during the Term, the termination being effective as of the end of the then current calendar year of the Term. Such Licensee's License Fees will be deducted from the total annual License Fees under this License Agreement effective as of beginning of the following calendar year of the Term according to a) the cost division model as specified in the Product Terms Compact, or b) the License Fees as specified in the applicable Product Terms.

7.6 Licensee(s) may terminate this License Agreement due to material financial hardship by giving Licensors written notice of termination (including the reasons for opting-out) three months prior to the end of any calendar year of the Term, effective as of the end of the current calendar year of the Term. Such Licensee's License Fees will be deducted from the total annual License Fees under this License Agreement effective as of beginning of the following calendar year of the Term according to the cost division model as specified in the Product Terms. In the event a Licensee does not terminate as set forth above, all payment obligations of such Licensee will remain in effect. For the avoidance of doubt, any such opt-out shall not affect any rights and obligations of the parties prior to the opt-out.

7.7 Additionally Licensee shall be entitled to terminate this License Agreement with a 3 months written notice the end of any calendar year of the Term effective as of the end of the current calendar year of the Term, if a change of research or teaching or degree granting direction of Licensee is decided by the Ministry of Culture and Education which renders the Content to be less useful for Licensee. Such Licensee's License Fees will be deducted from the total annual License Fees under this License Agreement effective as of beginning of the following calendar year of the Term according to the cost division model as specified in the Product Terms. In the event a Licensee does not terminate as set forth above, all payment obligations of such Licensee will remain in effect.

7.8 If any opt out or termination as described in Sections 7.5 and/or 7.6 and/or 7.7 would result in the sum of the annual License Fees of the relevant Product Terms of the remaining Licensees within any year of the Term being less than 75% of the annual License Fees of all Licensees during the first full calendar year of the Term, Licensors and Licensee shall re-negotiate the License Fees for the remaining Licensees. In case Licensors and remaining Licensee(s) do not agree to such proposed adjustment of the License Fees,

Licensors shall have the right to terminate this License Agreement with regard to all Licensees, effective beginning the year of the Term in which the opt-out(s) take(s) effect. If Licensors do not terminate this License Agreement pursuant to this Section 7.8, the License Agreement continues with the remaining Licensee(s) under the agreed terms and conditions.

7.9 In the event of termination or expiration of the License Agreement for any reason (a) the license grant shall terminate with regard to the Content, (b) Licensee shall delete or destroy all copies of the Content on electronic and physical storage mediums in its possession or control, and (c) inform and request its Authorized Users through Licensee's website to delete or destroy Content on their personal electronic devices and physical storage mediums., except for such copies of parts of the Content to which an exception of Finnish Copyright law regarding private copies applies and which have been lawfully made at the time of creation.

7.10 For clarity, Section 7.9 does not apply (a) upon expiration of the Term of a Product with Continuing Access specified in the applicable Product Terms and (b) in the event of early termination by Licensee prior to expiration of Term of any or all Products with Continuing Access and (c) early termination by Licensors according to 7.5; however with regard to (b) and (c) it is clarified that Continuing Access is limited to such titles and issue being part of the Content licensed until the actual date of termination and in case of (c) if Licensee's merger results in an increased number of Authorized Users, Licensee is not allowed to permit access for the gained number of Authorized Users without Licensors' prior written consent. All indemnification and payment obligations in the License Agreement up to the termination date shall survive such termination or expiration.

7.11. For avoidance of doubt the termination as contemplated in clauses 7.2 and 7.3. and all its consequences will only affect the individual Licensee(s) in question.

8. Representations, Warranties, Indemnification

8.3 The Licensor shall indemnify and hold the Licensee harmless from and against any loss, damage, cost, liability or expense (including reasonable legal and professional fees if a defense is not provided by Licensor, reasonable fees being such fees allowed by statutory law, if applicable) arising out of any legal action taken against the Licensee claiming actual or alleged infringement of third party intellectual property rights by Licensee's and/or Authorized User's use of the Content in accordance with this License Agreement, subject to the conditions that the Licensee shall (a) notify Licensor immediately upon becoming aware of any such third-party claim, (b) not attempt to compromise or settle the claim, (c) provide Licensor with all reasonably requested information and assistance, and (d) permit Licensor to have sole conduct of the defense and/or settlement of such claim with counsel of Licensor's choice at its expense. This Section 8.3 shall be the sole and exclusive remedy the Licensee may have with respect to any third party claims of misappropriation or infringement of intellectual property for the Content. This indemnity shall survive the termination of this agreement for any reason.

LICENSOR EXPRESSLY DISCLAIMS ANY LIABILITY FOR ANY CLAIM ARISING FROM OR OUT OF THE CONTENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO FITNESS FOR A PARTICULAR PURPOSE.

8.5 NEITHER PARTY SHALL BE LIABLE UNDER THIS AGREEMENT FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES, LOSSES, OR REVENUE OR ANTICIPATED SAVINGS OR FOR ANY INCREASED COSTS OR EXPENSES ARISING OUT OF OR IN CONNECTION WITH THIS LICENSE AGREEMENT, EVEN IF SUCH DAMAGES AND LOSSES AND LICENSEE'S TOTAL AGGREGATE LIABILITY UNDER AND IN RELATION TO THIS LICENSE AGREEMENT IS LIMITED TO THE LICENSE FEES ACTUALLY PAID BY THE LICENSEE TO LICENSOR IN THE PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE LIABILITY. HOWEVER, THE LIMITATIONS OF LIABILITY IN THIS SECTION 8.5 SHALL NOT APPLY TO LICENSOR'S INDEMNITY OBLIGATION UNDER SECTION 8.3 IN CASES OF GROSS NEGLIGENCE OR INTENTIONAL BREACH BY LICENSEE OR LICENSOR.

8.6 THE NATIONAL LIBRARY OF FINLAND WARRANTS THAT IT IS AUTHORISED TO ENTER INTO THIS AGREEMENT AND IF ACTING ON BEHALF OF EACH LICENSEE (i) THAT IT IS FULLY AND UNCONDITIONALLY AUTHORIZED SO TO ACT AND EACH LICENSEE WILL BE A PARTY TO THIS AGREEMENT AND (ii) IT WILL PROVIDE A COPY OF THE SIGNED LICENSE AGREEMENT TO LICENSEE(S) OR AFFORD LICENSEE(S) THE OPPORTUNITY TO REVIEW ALL PROVISIONS OF THE SIGNED LICENSE AGREEMENT APPLICABLE TO LICENSEE. TO THE EXTENT THAT ANY LICENSEE IS NOT A PARTY TO THIS AGREEMENT, THE NATIONAL LIBRARY OF FINLAND SHALL INDEMNIFY THE LICENSOR IN RESPECT OF ANY LOSS, DAMAGE, COST, LIABILITY OR EXPENSE (INCLUDING REASONABLE LEGAL AND PROFESSIONAL FEES) SUFFERED OR INCURRED BY LICENSOR AND ARISING OUT OF ANY ACT OR DEFAULT OF A LICENSEE WHICH, IF SUCH LICENSEE WERE A PARTY TO THIS AGREEMENT, WOULD HAVE AMOUNTED TO A BREACH OF THIS AGREEMENT BY SUCH LICENSEE.

For the avoidance of doubt TDM can also include the compilation and joint evaluation of the Content with third party content, however any license granted herein does only govern the Content and not any third party content.

Additionally Licensee and its Authorized Users may not (i) commercially use or allow commercial use of the TDM Output including but not limited to creation of derivative products or services that would compete with or negatively affect Licensors or Licensors' Affiliates products or services (for the avoidance of doubt: The use of TDM Output for scientific publication (either offline and online) does not constitute commercial use in the

aforementioned way), (ii) allow a third party to access or use any TDM Materials, (iii) perform TDM for a third party, or (iv) store, or permit storage of, Content or TDM Materials on any server other than an Internal Server.
