This indemnity shall not apply if the Licensee has amended the Licensed Material in any way not permitted by this Agreement, and such amendment has caused the loss, damage, cost, liability or expense.
- 12.3.** While the Licensor has no reason to believe that there are any inaccuracies or defects in the information contained in the Licensed Material, the Licensor makes no representation and gives no warranty express or implied with regard to the information contained in or any part of the licensed material including (without limitation) the fitness of

such information or part for any purposes whatsoever and the licensor accepts no liability for loss suffered or incurred by the Licensee or Authorized or Walk-in-Users as a result of their reliance on the Licensed Material.

- 12.4.** The National Library warrants that it is authorised to enter into this agreement on behalf of each Licensee and that each Licensee will be bound by the terms of this Agreement.

### **13. LIMITATION OF LIABILITY**

- 13.1.** Save as provided in clause 12.2. Neither party will be liable to the other in contract or negligence or otherwise for (i) any special, indirect, incidental, punitive or consequential damages (ii) loss of direct or indirect profits, business, contracts, revenue or anticipated savings or for any increased costs or expenses.

- 13.2.** The Licensor and its representatives exclude all liability for claims arising from the use of the Licensed Material.

- 13.3.** Irrespective of the cause or form of action, if one party is liable to the other under this Agreement for any reason, each party's aggregate liability for any claims, losses, or damages will be limited to the amount paid by the applicable Licensee via the National Library for the Licensed Materials in the year in which such claim, loss, or damage occurred.

- 13.4.** .For the avoidance of doubt each Licensee (member of the FinELib consortium) will only be liable for its own actions and/or defaults and, subject to clause 13.3 and irrespective of the cause or form of action, if the Licensor is liable to any Licensee under this Agreement for any reason, the Licensor shall only be liable to the individual Licensee who has suffered demonstrable damage and not to the Licensees collectively.

- 13.5.** For the avoidance of doubt, the limitations of liability set out at this section 13 shall not apply to claims made under article 82(5) of the General Data Protection Regulation.

### **14. TERMINATION**

- 14.1.** In addition to automatic termination at the end of the Term unless renewed this Agreement terminates if either party gives written notice to the other in the following circumstances:

14.1.1. Either party commits a material or persistent breach of any term of this Agreement and fails to remedy the breach (if capable of remedy) within thirty days of notification in writing by the other party.

14.1.2. Either party becomes insolvent or becomes subject to receivership, liquidation or similar external administration.

14.1.3. A change in control of a Licensee occurs, a Licensee merges with or acquires an organization, breaks up or if changes relevant to this Agreement occur in the Licensee's permission to

organize higher level education or other legislation regarding the Licensee and relevant to this Agreement.

Notice of the termination must be given to the Licensor no later than three months prior to the end of the calendar year. The termination will become effective on 1<sup>st</sup> of January of the following year.

The Licensor is entitled to offer the terminating Licensee a revised Fee.

- 14.1.4. When the Agreement is terminated the respective Licensee's share of the Fee(s) (as defined in Schedule 4) will be deducted from the Fee(s).
- 14.2.** For avoidance of doubt the termination as contemplated in clause 12.1. and all its consequences will only affect the Licensee (member of the FinELib consortium) in question.
- 14.3.** On termination of this Agreement the Licensor shall refund the proportion of the Fee that represents the paid but un-expired part of the Term.
- 14.4.** On termination of this Agreement copies of parts of the Licensed Material made by the Licensee, Authorized and/or Walk-in-Users may be retained for use as defined under Finnish copyright law. All rights and obligations of the parties automatically terminate except for those specified in clauses 14.5. and 14.6. (archival access), 12.1.-12.4. (warranty, indemnity). Access and use of the Licensed Material under clauses 14.5. and 14.6. will be in accordance with sections 3 and 4 (permitted and prohibited uses)
- 14.5.** After termination of this Agreement for any reason each Licensee will be entitled to certain perpetual rights according to their core subscription spending in 2018. These perpetual rights will be equivalent to 15% of their 2018 core subscription spending as set out in Schedule 6. Each Licensee can choose which titles to apply the perpetual rights to, including non-core subscription titles. The titles will be valued at their 2018 prices. For example, if a member had spent €10,000 on 2018 core subscriptions, they would be entitled to choose titles for the value of up to €1,500 at the titles' 2018 prices. For journals with no 2018 prices, the earliest available price will be used.

For Licensees that have joined the agreement after 2020, the perpetual rights are based on core subscription spending in the year before joining the agreement. Perpetual rights will be equivalent to 15% of their core subscription spending as set out in Schedule 6.

- 14.6.** The perpetual access rights cover access to years 2025-2026 (and optional year 2027 if Term is extended) for the chosen titles. For example: the Licensee can choose titles for the value of €1,500. They choose one title, the 2018 price of which is €1,500. They will have perpetual access rights to years 2025-2026 (and optional year 2027 if Term is extended) for that title.

Licensor will provide perpetual access by continuing online access to the chosen titles on the Licensor's server.

For avoidance of doubt, it is stated that the current Licensees' predecessors' archival rights extend to the current Licensees:

- Aalto University: Helsinki University of Technology, Helsinki School of Economics, University of Art and Design Helsinki
- Turku University incl. university hospital: Turku university incl. university hospital, Turku School of Economics.
- University of Eastern Finland incl. Kuopio university hospital: Joensuu University, Kuopio University incl. university hospital.
- Tampere University including Tampere University Hospital: University of Tampere including Tampere University Hospital

For avoidance of doubt, the perpetual access rights granted to the Licensee under the previous agreement(s) remain unaffected. For avoidance of doubt, the terms of this Agreement (including but not limited to sections 3, 4 and 6) apply to all perpetual access and use, regardless of which agreement the perpetual access falls under.

- 14.7.** Perpetual use of metadata copied/downloaded in accordance with clause 3.2.7 during the Term (and previous Terms and as applicable per Licensee) is specified in 3.2.7.

If, following a good faith and reasonable

### **Schedule 3 –Open Access Workflow**

#### **1 Publishing Workflow for articles published in Open Select Journals**

- a. Author submits article via the standard submission process on Taylor & Francis Online.
- b. Peer Review of the article:
  - Rejection: T&F informs author.
  - Acceptance.
    - c. Corresponding author identified as affiliated to an Institution (Schedule 1). This will happen at acceptance (as the manuscript enters the Production system) and will be either by email domain or by Institution name (as included in the list specified in Schedule 1). The identification of authors is dependent on them entering this information at submission, and re-confirming after acceptance (using Institution's email address or entering the Institution name). Accepted article metadata feeds into the Research Dashboard.
    - d. The corresponding author will be sent an email from Taylor & Francis Production team with an URL to enter the Taylor & Francis workflow, where they can select and sign their Author Publishing Agreement (APA) online, which incorporates their Creative Commons Licence.
    - e. Once the author completes the Author Publishing Agreement (APA), the Institution will be informed. The Institution can log into their Research Dashboard account and verify the eligibility of the article to be published open access under this agreement.
    - f. Verification should take place within 14 days to ensure timely publication of the article. If no decision is taken by the institution within 14 days, the article will enter a 'no decision' workflow. The author is then presented with further publishing options.
    - g. This Agreement covers Qualifying Articles accepted for publication during the Term of this Agreement starting January 1st, 2025. Each Qualifying Article accepted for publication counts as one article towards to Publication Cap.
    - h. If funding is declined, the author is presented with the option to publish either Open Access or under Subscription Basis standards.
2. The aforementioned verification process takes place in the Research Dashboard. Each Licensee is able to log into their Research Dashboard account.
3. If Licensor fails to identify authors as Qualifying Authors despite the correctly provided affiliation information (Licensee name or email domain), Licensor shall be responsible for rectifying the status of the article to open access even after publication. Upon issuing the correction and rectifying the status of the article, the article shall count towards the Publication Cap. Any article publication charge Licensor may have received from the Qualifying

Author or another third party, shall be returned to Qualifying Author or said third party.

Retrospective conversions: Qualifying Authors who have a) not identified themselves in the workflow or b) rejected open access publication, have the right to:

1) have retrospectively their article converted to open access without paying any additional fees within 90 days of publication. Such conversion of an article from subscription to open access means the use of one article from Publication Cap.

2) to get their money back within 90 days of publication if they have paid their own APC for an article that was eligible for publication under these terms.

4. If the Qualifying Article is published using the Publication Cap, the Qualifying Author will not be charged for open access publishing.
5. Article is published online on Taylor & Francis Online under a CC BY licence. If a Qualifying Author wishes to publish under an alternative Creative Commons licence if offered by the journal (for example CC BY NC ND), then the Qualifying Author should contact the Licensor directly. The chosen CC-license will be clearly displayed in the article.
6. The Qualifying Author retains his/her copyright to the work.
7. Licensor will provide to the National Library realtime reporting on all open access articles across all Licensees as well as the total number of spent articles through the consortium view of the Research Dashboard.
8. Licensor will provide the National Library quarterly reports containing the following information regarding the Qualifying Articles per Licensee: a) name and email address of the Qualifying Author b) name of the Licensee c) funding organisation (research funder) if provided by Qualifying author d) date of acceptance of Qualifying Article e) date of publication (if available) f) journal title g) ISSN h) Qualifying Article title i) article type j) DOI k) Open Access License.

In addition, Licensor will also report quarterly to the National Library any potentially eligible articles for which the Qualifying Author has rejected open access publishing. Notwithstanding the bi-annual report and upon the request of the National Library, Licensor will provide this report in a reasonable timeframe before renegotiating the renewal of the Agreement.

9. Licensor shall deliver article metadata to Crossref. The following fields of Crossref's format shall be included:
  - publisher
  - title
  - DOI
  - member
  - type
  - accepted
  - container-title
  - volume
  - page
  - article-number
  - published-print

- published-online
- ISSN
- license (incl. content-version "vor")
- author (incl. ORCID if applicable and affiliation)

10. The Licensor agrees to work with appointed representatives of the National Library to discuss, agree and make any agreed improvements to the workflow and the functionality of the Research Dashboard
