

READ AND PUBLISH MASTER AGREEMENT

Agreement with Wiley internal number 28949 dated as of January 1, 2023 (the “Agreement”), between John Wiley & Sons, Inc., a New York corporation, 111 River Street, Hoboken, New Jersey 07030, and its affiliates Wiley Periodicals LLC, John Wiley & Sons, Ltd, John Wiley & Sons Australia, Ltd, Wiley-VCH GmbH, John Wiley & Sons A/S, and Hindawi Limited (“Hindawi”) (collectively “Wiley”) (whose liability shall be joint and several under the laws of the State of New York), and the National Library of Finland, with its principal offices at Unioninkatu 36, (P.O.Box 15), FIN-00014 UNIVERSITY OF HELSINKI, Helsinki, Finland (“National Library”) and other members of the FinELib consortium (“Member Institutions” as listed in Appendix A), represented by the National Library via power of attorney (the National Library and other members, each the “Customer”).

A. DEFINITIONS

The following terms shall be deemed to have the meaning as set forth below:

1. **Authorized Users** - Those persons who are authorized by the Customer to have access to Wiley Online Library. Authorized Users must be current or retired bona fide faculty members, researchers, other staff members (e.g. librarians, scientific staff, other executives or employees), or students of the Customer (whether on a permanent, temporary, contract or visiting basis), or contractors engaged by the Customer, provided such contractors have been informed of, the Terms and Conditions of Use set forth herein and they access Wiley Online Library via the Customer’s Secure Network. Walk-in Users from the general public or business invitees may also be permitted by the Customer to access Wiley Online Library from computer terminals or other devices with a Customer-controlled IP address while physically located in physical premises directly controlled by the Customer. For the avoidance of doubt, no Users may be given access to the Licensed Material by any wireless network provided by the Customer unless such a network is a Secure Network.
2. **Customer** – each participating Member Institution listed in Appendix A, which has authorized the National Library, by power of attorney, to negotiate and sign this Agreement on its behalf and which is therefore bound by and a party to this Agreement. Each such participating Member Institution shall provide access to Wiley Online Library via its Secure Network for its Authorized Users as defined in this Agreement, and is responsible for the payments to be made via the National Library which will pay the Fees set out in Appendix C.1 on their behalf and for the implementation of the Agreement.

Appendix A will include information on IP addresses for the Secure Network which are covered by this Agreement at the start of the Term and contacts for each Customer. The Customer will inform Wiley of changes to the ip-addresses via the National Library. Appendix C.1 specifies financial terms.

3. **Electronic Products** - All products, services and content available in Wiley Online Library shall be deemed included within the definition of Electronic Products. Details specific to the type of electronic products or services licensed hereunder as well as pricing and the Customer’s access rights are provided in the appropriate Appendix. These products and services are defined as follows:
 - (a) **Licensed Electronic Products** - The electronic (online) editions of Wiley journals and other publications and the content therein, including but not limited to major reference works, Current Protocols laboratory manuals and databases which the Customer has licensed hereunder as specified herein and in the appropriate Appendices.
 - (b) **Licensed Electronic Services** – The electronic features and services in Wiley Online Library available to the Customer and its Authorized Users, as follows.

1. *EarlyView* – publishes peer reviewed, fully citable articles online as soon as they are ready, before the release of the compiled journal issue.
2. *Saved Title Alerts* – allows Authorized Users to request and receive via e-mail the tables of contents from any of the journals available online in Wiley Online Library and to receive notification of articles newly published which match specified search criteria.
4. **Intellectual Property Rights** - These rights include, without limitation, patents, trademarks, trade names, design rights, copyright (including rights in computer software), database rights, rights in know-how and other intellectual property rights, in each case whether registered or unregistered, which may subsist anywhere in the world.
5. **Secure Network** - The network which provides access to Wiley Online Library for Authorized Users via the Customer's IP addresses. The parties may mutually agree on a different authentication method during the Term.
6. **Wiley Online Library** - The online service (or any successor thereto) available from Wiley or its affiliates on the Worldwide Web including all products, services and features offered via the service. Certain products and services under this Agreement may be delivered from other platforms as noted in the Appendices. The terms and conditions hereof are equally applicable to those products and services.
7. **Eligible Article(s):**
 - (a) primary research and review articles, including but not limited to articles classified by Wiley as Case Study, Commentary, Data Article, Education, Lecture, Method and Protocol, Perspective, Practice and Policy, Rapid Publication, Research Article, Review Article, Short Communication, and Technical Note (an illustrative list is set forth in Appendix C.1, which Wiley is permitted to update from time to time).
 - (b) authored by Eligible Authors; and
 - (c) accepted, and not yet published, from the date on which Customer's Dashboard is activated ("Publishing Right Start Date") up to December 31, 2024, for open access publication in a journal that is a Hybrid Journal (i.e., a Hybrid Journal eligible as of the date of acceptance of the article) or a Gold Journal (i.e., a Gold Journal eligible as of the date of submission of the article) (the "Publishing Right Period").
8. **Article Publication Charge (APC)** - the charge levied by Wiley on the acceptance of an Eligible Article for publication on an open access basis, the amount of which is dependent on the publication in which such material is published.
9. **Author Services** - the platform (or any successor thereto) designated by Wiley, which may include an author account, services, and features, and provided to authors publishing articles in a Hybrid Journals and Gold Journals (and such platform does not include the submission system authors use to submit their manuscripts for editorial consideration).
10. **Article Entitlement** - the maximum number of Eligible Articles that may be published in Gold Journals and in Hybrid Journals on an open access basis as specified in Paragraph D.1. and Appendix C.1.
11. **Eligible Author(s)** means authors:

- (a) Authorized Users (but excluding walk-in-users) who are affiliated with a Customer (such affiliation is not necessary at all points in the research process);
 - (b) who are designated as the responsible corresponding author within Wiley's submission system and Author Services platform. In the case of multiple corresponding authors being identified on the version of record, it is the author designated as the responsible corresponding author who is the Eligible Author (and such responsible corresponding author is not required to appear as the first author);
 - (c) for whom a Customer has confirmed the author's affiliation pursuant to Appendix C; and
 - (d) who have signed one of Wiley's then-current open access publishing agreements for publication of an article on an open-access basis in one of the Hybrid Journals or Gold Journals.
12. **Hybrid Journals** - the subscription journals published by the Wiley affiliates identified in the preamble above (with the exception of Hindawi) that offer authors the option to publish articles on an open-access basis (such journals may be referred to in Wiley systems as "Online Open"). Applicable Hybrid Journals are available as set forth in Appendix C.
 13. **Gold Journals** – the open access journals published by the Wiley affiliates identified in the preamble above with the exception of Hindawi, and as to Hindawi, the open access journals fully owned by Hindawi or published by Hindawi on behalf of Wiley, that offer authors only the option to publish articles on an open-access basis. Applicable Gold Journals are available as set forth in Appendix C.
 14. **Institutional Account List** - the list of institutional account holders Wiley publishes on <https://authorservices.wiley.com/author-resources/Journal-Authors/licensing-open-access/open-access/institutional-funder-payments.html>
 15. **WOAA** - the Wiley Open Access Account(s) (or any successor thereto) designated by Wiley and held by the Customer for the purposes of administering open access workflows in Wiley's journals.
 16. **Dashboard** - the automated system (e.g., Oable, WOAD, Dashboard, or any successor thereto) designated by Wiley, including all products, services and features offered via the Dashboard, that enable the Customer to manage its WOAA.

B. ACCESS AND PUBLICATION PRIVILEGES

1. Wiley grants to the Customer and its Authorized Users, during the Term as defined in Paragraph G below, a non-exclusive, non-transferable right and license to access, via Wiley Online Library, the full text and other material such as datasets published online in Wiley Online Library for the Licensed Electronic Products as listed in the Appendices attached hereto as may be amended from time to time on the Terms and Conditions of Use described below.
2. In addition, Authorized Users will have access to all available tables of contents, article abstracts, chapter summaries and associated websites for all Electronic Products on Wiley Online Library.
3. The Customer grants access to Wiley Online Library only to Authorized Users as defined in Paragraph A.1. and in accordance with Paragraphs C and E.2.b. The number of the Authorized Users who may simultaneously access Wiley Online Library is unlimited.
4. The Customer acknowledges that the Electronic Products and Wiley Online Library and the Intellectual Property Rights contained therein are protected by law. All rights not specifically

licensed herein to the Customer are expressly reserved by Wiley. The contents of Wiley Online Library and the Electronic Products are solely for the non-commercial use of the Authorized Users.

5. In the event of any difference between this Agreement and any terms and conditions communicated to Authorized Users at the website where the Licensed Electronic Products are provided this Agreement shall prevail.
6. Perpetual Access. Upon termination of this Agreement unless Wiley has been legally or ethically required to cease providing access to certain content (that is, Wiley no longer has the rights to provide access due to a legal or ethical dispute over certain content, such as a copyright, research integrity, or libel dispute over an article), Wiley will provide the Customers with perpetual access to specific content from certain Licensed Electronic Products if and as stated in the Product Appendices ("Perpetual Access"). When such perpetual access is provided, Wiley will continue online access to the same material excluding any enhancements added to the version originally published, free of charge. By providing such perpetual access, Wiley grants to the Customer a non-exclusive, royalty-free license to use such material in accordance with the rights and restrictions on use specified in Paragraph C of the Agreement, which survive any termination of the Agreement.
7. Dark Archive. Wiley has designated both Portico and CLOCKSS as third-party providers of access to the Licensed Electronic Products. Customer may access the material on either Portico's or CLOCKSS' server, or another third-party provider designated by Wiley, free of charge, solely in the event of a Trigger Event (as defined below), as long as:
 - (a) Wiley has the right to provide access to the Licensed Electronic Products (for the avoidance of doubt, Wiley could be required to cease providing access to certain content due to a legal or ethical dispute, such as a copyright, research integrity, or libel dispute over an article); and
 - (b) The Customer follows Portico's, CLOCKSS', or such third-party's procedures for accessing the Licensed Electronic Products.

Such access will be deactivated immediately on resumption of access to Wiley Online Library.

Trigger Event means if Wiley makes a general assignment for the benefit of creditors, or files a voluntary petition in bankruptcy or for reorganization or rearrangement under the bankruptcy laws, or if a petition in bankruptcy is filed against it and is not dismissed within 60 days after the filing, or if a receiver or trustee is appointed for the property or assets of Wiley or an equivalent or similar event or proceeding occurs in any jurisdiction, or ceases its scholarly publication operations; or downtime of Wiley Online Library and/or a total loss of access by the Customer to the Licensed Electronic Products, either of which are continuing for at least 30 days.

8. Publishing Right. Wiley agrees, during the Publishing Right Period, in accordance with the terms set forth in Appendix C and Paragraph D, and subject to the Article Entitlement and the payment of the Annual Access to the Licensed Electronic Products & Publishing Fee, to publish Eligible Articles open access as requested by Eligible Authors in the Hybrid Journals and Gold Journals.

C. TERMS AND CONDITIONS OF USE OF WILEY ONLINE LIBRARY, ELECTRONIC PRODUCTS, WOA, AND DASHBOARD

1. The rights and restrictions governing access to Wiley Online Library and the Electronic Products by the Customer and its Authorized Users are listed in the Terms and Conditions of Use below.

- a. Authorized Users may download, search, browse, retrieve, display (also to other Authorized Users) and view, copy and save to Secure Network server or offline copy e.g. to hard disk or other electronic storage media and store or print out single copies of individual articles, chapters or entries in the Licensed Electronic Products for the Authorized User's own personal use, scholarly, educational or scientific research or internal business use. Authorized Users may make a reasonable number of photocopies of individual articles, chapters or entries in the Licensed Electronic Products for uses as further outlined in Paragraph C. Authorized Users may also transmit such material to other Authorized Users and third-party colleagues in hard copy or electronically, for personal use or scholarly, educational, or scientific research or professional use (including the distribution of a copy for teaching purposes to each individual student Authorized User in a class at the Customer institution) but in no case for re-sale, systematic redistribution e.g. posting on a listserv, network or automated delivery, or for any other use. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and excerpts from individual articles, chapters or other entries from the Licensed Electronic Products in the Authorized User's own scientific, scholarly and educational works such as books and articles. Material, including images or figures, that are separately listed as the copyright of a third party may be used within the context of the educational work itself but not on a standalone basis unless permitted by law. Authorized Users may not abridge, modify, translate or create any derivative work based on Licensed Electronic Products, except to the extent necessary to perform Text and Data Mining ("TDM") , or make it perceptible on a computer screen to the Authorized Users for personal use, scholarly, educational or scientific research or internal business use.
- b. All Authorized Users have the option to create a My Profile Page which will allow them to create data files and links to articles, chapters and entries of interest in the Licensed Electronic Products, and search criteria which may be reused by them. In order to do so, the Authorized User will have to select and register a username and password which the Authorized User must keep confidential and not disclose to or share with anyone else.
- c. The Customer and its Authorized Users may create links to Wiley Online Library from their Online Public Access Catalog (OPAC) records, library catalogs, link resolvers, locally hosted databases or library web pages, portals and information services provided these links are not used in connection with any paid or commercial service or for any other commercial use whatsoever.
- d. For the avoidance of doubt, neither recovery of direct costs or costs required by law by the Customer from Authorized Users or in the case of Inter Library Loan from the recipient library, nor use by the Customer or by Authorized Users of the Licensed Electronic Products in the course of research funded by a commercial organization or in fee based educational programs nor use as a source for or quoting from the Licensed Electronic Products as authorised by Finnish law in Authorized User's own scientific, scholarly, and educational works including but not limited to books and articles, is deemed to constitute commercial use or service for the purposes of this Agreement.
- e. Authorized Users who are members of the Customer's faculty or staff may include copies of material from the Licensed Electronic Products in printed and electronic course packs, study packs, resource lists and in any other material (including but not limited to multi-media works) to be used in the course of instruction and/or in secure virtual and managed environments (including but not limited to virtual learning environments, managed learning environments, virtual research environments and library environments) hosted on the Customer's Secure Network for use by students of the Customer's institution only, as part of their course work or faculty, researchers or other staff as may be applicable. This material shall be distributed to Authorized Users

at the Customer's institution free of charge or at a cost-based fee, and each item shall carry appropriate acknowledgement of the source, listing title and copyright owner. Course packs in non-electronic non-print perceptible form, such as Braille, may also be offered to Authorized Users who are reading impaired at the cost of the Customer or at a cost-based fee.

- f. The Customer's library staff may supply to another library, upon request by that library, either a single paper copy (by post or fax) or an electronic copy of an individual document from the Licensed Electronic Products, for the purpose of research, teaching or private study. The electronic copy must be supplied by secure electronic transmission (e.g. email) and must be deleted by the recipient library immediately after printing a paper copy of the document for its user.
- g. Authorized Users who are members of the Customer's faculty or staff may download, save electronically, print out and display on the Customer's public website small extracts and screenshots from the Licensed Electronic Products, including Wiley's trademarks and logos for the purpose of internal marketing or for training Authorized Users.
- h. Authorized Users may publicly display or publicly perform parts of the Licensed Electronic Products as part of a presentation at a seminar, conference, or workshop, or other such similar activity. Each such item shall carry appropriate acknowledgement of the source, listing title and author of extract, title and author of work and publisher.
- i. Authorized Users may use the Licensed Electronic Products to perform and engage in Text and Data Mining activities for scholarly, educational, or scientific research only and not for any direct or indirect commercial purpose, nor to create derivatives of the Licensed Electronic Publications except to the extent necessary to perform Text and Data Mining.
- j. Automated searching, robotic searching, or decompilation of the Wiley Online Library is prohibited, except as provided for in this Agreement.
- k. The Customer's library staff may provide print or electronic copies of single articles from the Licensed Electronic Products for individual Authorized Users for the purposes of scholarly, educational, scientific, research, internal business use or private study.
- l. The Customer may allow the Licensed Electronic Products to be searched by Authorized Users via any portal in the Customer's use or Finna information search service provided that the terms of this Agreement are upheld.
- m. The Customer may gather usage data via Finna information search service or any portal in the Customer's use consistent with applicable privacy laws and confidentiality requirements.
- n. Reading impaired Authorized Users are permitted to use Braille displays, voice synthesizers and other such devices to enable use of the Licensed Electronic Products.
- o. The Customer's library staff may produce translations in Finnish (and other languages upon request) of user guides and other promotional materials available from Wiley or on Wiley Online Library, and display such translations and share them with other libraries via a public network for the purpose of promotion or for training Customer's Authorised Users. The materials shall contain a statement that they are for training purposes and are not official materials prepared by Wiley. The Customer's library staff may also produce audio-visual training guides, which may feature reference to and use of the Licensed

Electronic Products for the same purpose and under the same conditions. The Customer shall use best efforts to ensure that such training and promotional material is accurate and contains no material errors and shall rectify without delay any errors or omissions which come to its attention.

- p. Nothing in this Agreement shall constitute a waiver of any statutory rights held by the Customer and/or Authorized Users from time to time under Finnish law or any amending legislation.
 - q. In the event that any content included in the Licensed Electronic Products has been published on an open access basis (which material is governed by the corresponding open access license), Wiley shall not place access, use, or other restrictions on that content beyond those found in the open license, where applicable.
 - r. All Authorized Users are bound by the Terms of Use which are available at <https://onlinelibrary.wiley.com/terms-and-conditions>. Wiley reserves the right to modify such Terms of Use as described therein. In the event of any discrepancy or inconsistency between the Terms of Use and this Agreement, the terms of this Agreement control.
- 2. Except as provided in Paragraph C.1. above or with respect to material published on an open access basis (which material is governed by the corresponding open access license), Authorized Users may not copy, distribute, transmit or otherwise reproduce, sell, or resell material from the Licensed Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or list serve, or for use by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.
 - 3. The Customer and its Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer as they appear on Wiley Online Library, the Electronic Products, WOAA, or Dashboard except if provided otherwise in this Agreement. Except as provided in Paragraph C, Authorized Users may not integrate material from the Licensed Electronic Products with other material or otherwise create derivative works in any medium. However, quotations for purposes of comment, criticism or similar scholarly purposes are not prohibited herein.
 - 4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of Wiley Online Library, the Licensed Electronic Products, Author Services, WOAA, or Dashboard.

5. If an Authorized User fails to abide by these Terms and Conditions of Use of this Agreement, knowingly (intentionally) infringes Wiley's Intellectual Property Rights related to the Licensed Electronic Products, WOAA and Dashboard, or a Customer hosts an IP address or range of addresses that are identified as malicious, Wiley reserves the right in its sole discretion to suspend or terminate access to Wiley Online Library, the Licensed Electronic Products, WOAA and Dashboard by such Authorized User or IP address(es) immediately without notice, in addition to any other available remedies. Malicious IP addresses are such IP addresses that are being used to cause denial-of-service attacks, that are used to spread malware, viruses, misleading applications such as fake antivirus programs or otherwise similarly aimed to damage Wiley Online Library. Except in the case of a material breach which Wiley deems dangerous to the integrity and security of Wiley Online Library, or for a breach which, if not immediately remedied, is likely in Wiley's opinion to continue to cause damage, Wiley shall give prior written notice to the Customer and the National Library of its intention to terminate such access and shall allow the Customer, and/or the Authorized User as applicable 30 days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this Agreement. The Customer shall notify Wiley when malicious credentials associated with offending IP address(es) have been remediated. Wiley shall immediately restore services upon notification that credentials associated with the malicious activity have been remediated.
 - a. Except as provided in this Agreement, the Customer and its Authorized Users are not permitted to use Wiley's name (wordmarks Wiley and any other designations associated with it) or logo without permission.
6. Neither the Customer nor any Authorized User shall have the right to incorporate any material from the Licensed Electronic Products into any institutional or other repository unless the material has been published on an open access basis that permit such incorporation. Author agreements are separately negotiated with Wiley and include provisions about what authors may and may not do with respect to materials authored by them and published by Wiley. This Paragraph does not limit Authorized Users rights as set out in Paragraph C.1.e.

D. ACCESS & PUBLISHING FEES

1. The National Library will pay a single, annual fee for the Access Right for the Licensed Electronic Products granted under Appendix B and for the Publishing Right during each Contract Year as specified in the Access and Publishing Right Table set forth in Appendix C.1 (the "Annual Access to the Licensed Electronic Products & Publishing Fee").
2. The National Library will pay the Annual Access to the Licensed Electronic Products & Publishing Fee in accordance with the relevant invoice within forty-five (45) days of receipt of invoice. The Annual Access to the Licensed Electronic Products & Publishing Fee will be invoiced to the National Library which will pay the Fee set out in Appendix C, including where required by law, any applicable taxes on behalf of the Customer.
3. Funding requests are approved or rejected by the Customer:
 - a. on acceptance of the article for Hybrid Journals, and
 - b. on submission of the article for Gold Journals.
4. Wiley is permitted to allocate the revenues received under this Agreement to its portfolio of journals as it deems appropriate.
5. All Fees required by this Agreement are exclusive of any applicable taxes. Each Customer warrants that it is registered for VAT in Finland, and will promptly inform Wiley in the event that this changes. Where applicable, value-added taxes will be assessed under Finnish law, unless the law of another jurisdiction applies due to a Customer de-registering for VAT in Finland. If upon audit Wiley is assessed additional value-added taxes in connection with this Agreement because a

Customer is found not to be registered for VAT in Finland, Wiley reserves the right to invoice the applicable Customer retroactively for any additional associated assessment for value-added taxes.

6. In addition to all other remedies available under this Agreement or at law, Wiley is entitled to suspend the provision of any products or services, including but not limited to access to the Licensed Electronic Products and Services as well as the Publishing Right, if the Customer fails to pay any fees as due under this Agreement within the payment terms stated in the applicable invoice and this Agreement. If Wiley executes this option, the Customer will not be entitled to any reduction in the payment due, nor refund due to the suspension.
7. The Customer is responsible for any charges associated with accessing Wiley Online Library and the Licensed Electronic Products, including, but not limited to, any computer equipment, telephone or Internet connections and access software.
8. The National Library shall (and the Customer is responsible for ensuring that the National Library authorized by the Customer to make payments on its behalf shall) promptly pay Wiley the full amounts due under this Agreement such that the net amount received by Wiley equals the full amount shown on the invoice.
9. Wiley shall annually send the Customer an email with the Invoice Agreement Letter attached (“Confirmation Email”) for the upcoming year. The Invoice Agreement Letter will only contain fee information. Upon the Customer’s written acceptance of fees via email set forth therein, this Agreement shall apply, or shall renew for the period set forth in the Invoice Agreement Letter. Except as specifically set forth in the Invoice Agreement Letter, the terms and conditions of this Agreement (including updated Appendices) shall continue to apply.
10. Wiley may issue the relevant invoice through John Wiley & Sons, Inc. or any of its affiliates. For the avoidance of doubt, Wiley affiliates for purposes of this Agreement are John Wiley & Sons, Ltd., a company incorporated under the laws of England and Wales, The Atrium, Southern Gate, Chichester, West Sussex PO19 8SQ (“Wiley UK”), Wiley-VCH Verlag GmbH & Co. KGaA, a company incorporated under the laws of Germany, Boschstrasse 12 D-69469 Weinheim, Germany (“Wiley Germany”) and John Wiley & Sons Australia, Ltd., Level 5, 42 McDougall St., Milton, Queensland, Australia 4064 (“Wiley Australia”).
11. Customer through The National Library is responsible for the payments as set forth in the attached Appendices and invoices issued under this Agreement.
12. In addition to those Customers listed in Appendix A, new institutions may, subject to Wiley’s approval, join the Agreement, only via the National Library for an additional fee and Article Entitlement, and on execution of an Amendment to the Agreement.
13. Customers have a shared Article Entitlement pool. Article Entitlement allocation is managed on a first-come, first-served basis (based on article approval order).
14. Customer is not permitted to specify the proportion of the Article Entitlement per journal type (Hybrid or Gold). The Article Entitlement for each Contract Year does not roll over into a subsequent Contract Year and expires at the end of final Contract Year.

E. MUTUAL OBLIGATIONS

1. In addition to the obligations set forth herein, Wiley will:
 - a. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Products to Authorized Users in accordance with this Agreement, and to restore access to such Licensed Electronic Products as promptly

as possible in the event of an interruption or suspension of the Wiley Online Library service which is not attributable to any third-party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider). If, however, a Licensed Electronic Product is unavailable due to circumstances within Wiley's reasonable control for a period of seven or more consecutive days that does not include times scheduled for maintenance or upgrades, the affected Customer will be entitled to receive a proportional refund in accordance with the time without access provided, however, there will be no such refund where Customer's access has been suspended or terminated due to failure to pay or non-compliance with this Agreement, or where Wiley does not have the right to provide access to certain content due to a legal or ethical dispute (such as a copyright, research integrity, or libel dispute over an article).

- b. Provide aggregate usage statistics to the Customer which are compliant with COUNTER Codes of Practice or conform to the then-prevailing industry standard about the use of the Licensed Electronic Products by the Customer's Authorized Users, consistent with applicable privacy laws and confidentiality requirements. The National Library and Customer will be able to obtain Usage statistics for Licensed Electronic Products on the Wiley Online Library platform via the URL:
<https://onlinelibrary.wiley.com/action/showLogin>. The National Library and Customer will be able to obtain Usage statistics for BJR and DMFR via the URL
<https://www.birpublications.org/page/usagedata>. Wiley may change the URLs at its sole discretion with a 30-day notice to the National Library of Finland before the change is made.
- c. Wiley will provide a Customer Success Manager (CSM) who works alongside the Customer's account manager, to ensure Customers and their Authorized Users have the resources and support needed to gain the most value from the partnership with Wiley.
- d. Confirm that it will make all reasonable efforts to adhere to the specifications of the Transfer Code of Conduct (<https://www.niso.org/publications/rp-24-2019-transfer>).
- e. Wiley will make reasonable efforts to provide the Customer with continuing access to the full text of any Licensed Electronic Product published by Wiley during the Term of the Agreement, in the event that the Licensed Electronic Product ceases to be published by Wiley for any reason.
- f. In the case of a merger during the Agreement Term between existing Customers or Customer and another FinELib consortium member, perpetual access rights granted under the terms of this Agreement will be maintained for the merged entity provided the merged entity participates in this Agreement. In the event of a merger the parties will negotiate in good faith the Fee for the participation of the merged entity in this Agreement. For avoidance of doubt, the merged entity is under no obligation to participate in this Agreement.
- g. Wiley will use reasonable efforts to ensure that the Licensed Electronic Products will be compatible with standard search interfaces (e.g. Z39.50,) for the Term of the Agreement.
- h. Wiley will use commercially reasonable efforts to enable provision of an SFX-target for the Licensed Electronic Products through ExLibris. Wiley will support Alma link resolvers.
- i. Wiley will use reasonable efforts to ensure that the Licensed Electronic Products meet the openURL standard for the Term of the Agreement.
- j. Wiley will comply with Web Content Accessibility Guidelines (WCAG) in order to

ensure that the Licensed Electronic Products are accessible to all the Authorized and Walk-In-Users of the Customer.

- k. Wiley will use reasonable efforts to adhere to the specifications of the KBART standards (<http://www.uksg.org/kbart/s5/guidelines>). Wiley shall make available to the National Library (acting on behalf of the Customer) before December 31 of each Contract Year within the subscription period, in KBART-compliant format, an itemized holdings report that specifies the Licensed Electronic Products accessible to Customer for the upcoming Contract Year.
 - l. publish on an open access basis Eligible Articles by Eligible Authors, subject to the terms of Appendix C, payment of the Annual Access to the Licensed Electronic Products & Publishing Fee.
 - m. Wiley will update the Licensed Electronic Products as listed in Appendix B, and Appendix C on an annual basis. The number and value of the journal titles included in the Database may materially change in subsequent Contract Years. Wiley will submit to the Customer by September 1 of Contract Years 1 and 2 a list of the online editions of all journals in the Database that will be made available on Wiley Online Library (or any successor platform) in the following year including all confirmed new and transfer journal titles. For journal titles that are transferred out of the Database, Wiley will use all reasonable efforts to comply with the Transfer Code of Practice or to the then-prevailing industry standard. If the total number of Hybrid and Gold Journal titles is reduced by 15% or more compared to the title list of the previous Contract Year of the Term, Wiley will notify the Customer via the National Library of such reduction at the latest 30 days prior to the end of the Contract Year. Wiley will make a pro rata reduction of the Annual Access to the Licensed Electronic Products & Publishing Fee for the affected Contract Year of the Term, taking into account the amount of material withdrawn and the remaining unexpired portion of the Term, and if the number of published articles in the withdrawn titles during the previous full calendar year represents 15% or more of the total article output in the same time period, Wiley will make a similar pro rata reduction of the Article Entitlement. In circumstances in which it is not possible for Wiley to give the Customer such advance notice, for example because the material to be withdrawn poses a legal risk or a risk to health or life, Wiley will give as much notice as it can of such withdrawal. For avoidance of doubt, Hybrid Journals becoming Gold Journals will not trigger any such reduction of the Fee.
2. In addition to the obligations set forth herein, the Customer will:
- a. take reasonable measures to inform Authorized Users of the Terms and Conditions of Use set forth in Paragraph C governing access to Wiley Online Library and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included in this Agreement.
 - b. make access to the Electronic Products available to Authorized Users only through the Customer's Secure Network and from valid IP addresses or other secure authentication methods as described in the Appendix A; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products, Wiley Online Library, WOAA and Dashboard by unauthorized persons, take reasonable security measures to protect the Secure Network, and take responsibility for remediating and terminating any unauthorized access of which it has actual notice or knowledge.
 - c. provide Wiley with information about the Customer's IP addresses which can be used by Wiley to authenticate Authorized Users. The Customer represents that all such IP

addresses shall be limited to the Customer's Secure Network and will be listed in Appendix A as updated from time to time.

- d. promptly notify Wiley of any breach of Paragraph C or unauthorized usage of the Electronic Products which comes to the Customer's attention; and cooperate fully with Wiley in the investigation of such breach or unauthorized use and in any action which Wiley takes to enforce its copyright and other Intellectual Property Rights, at Wiley's expense. Notwithstanding the above, the Customer shall not be responsible for such breach or unauthorized use which is without the express or implied consent of the Customer, provided that the Customer has taken reasonable steps to prevent such misuse and, upon learning of it, uses all reasonable efforts to ensure that such activity ceases, and notifies Wiley promptly of any such breach or infringement.

F. PRIVACY AND DATA PROTECTION POLICY

1. Wiley recognizes the importance of protecting the information it collects in the operation of Wiley Online Library and will act in compliance with the Privacy Policy posted at <https://www.wiley.com/en-us/privacy>. Wiley will comply with all applicable provisions of the EU General Data Protection Regulation ("GDPR").
2. To comply with Regulation (Eu) 2016/679 of the European Parliament and of the Council ("GDPR") and other applicable laws, statutes, and regulations relating to data protection and privacy, Wiley and Customer agree to the terms set forth in the Standard Contractual Clauses, as set forth in Appendix D.

G. TERM AND TERMINATION

1. The term of this Agreement shall commence on January 1, 2023 and end on December 31, 2024 (the "Term"). Each year within the Term is a "Contract Year".
 - a. Upon the Customer's written request to Wiley (sent at least six weeks in advance prior to the expire of the Term via the National Library), the Customer has the option to extend the Term for an additional year, from January 1, 2025 up to and including December 31, 2025 (the "Option Year"). If the Customer requests this option, the Customer agrees that the terms and conditions of this Agreement will continue to apply, and the Publishing Right Period will extend until the end of the Option Year.
2. Wiley shall have the right to request the Customer to terminate access to Wiley Online Library, the Licensed Electronic Products, WOAA and Dashboard by an Authorized User who breaches Wiley's Terms and Conditions of Use (Paragraph C of this Agreement) or infringes the copyright or other Intellectual Property Rights in the Electronic Products or Wiley Online Library.
3. Either party may terminate this Agreement if:
 - a. the other party materially breaches its obligations under this Agreement and fails to cure such material breach, provided that:
 - i. the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach; and
 - ii. where the Customer seeks to terminate due to a material breach by Wiley that is not cured, only the Customer materially affected by the breach may terminate and the Agreement will remain in effect for the all other Customers; and
 - iii. where Wiley seeks to terminate due to a material breach by Customer that is not cured, only the Customer responsible for the breach may be terminated and the Agreement will remain in effect for all other Customers.

- b. a change in control of a Customer occurs, a Customer merges with or acquires an organization, breaks up or if changes relevant to this Agreement occur in the Customer's permission to organize higher level education or other legislation regarding the Customer and relevant to this Agreement. When the Agreement is terminated as to a particular Customer, that Customer's respective Fee as set out in this Agreement, will be deducted from the total Annual Access to the Licensed Electronic Products & Publishing Fee in the subsequent calendar year(s). Termination of any Customer can only take effect at the end of a calendar year and upon at least 60 days notice to Wiley. No fees paid to Wiley will be refunded in this eventuality.
4. Notwithstanding any other term in this Agreement, neither party's delay or failure to perform any provision of this Agreement due to circumstances beyond its control (including, without limitation, war; civil disorder; strike; flood; fire; storm; accident; terrorism; governmental restriction; infectious disease; epidemic; pandemic; public health emergency; power, telecommunications or Internet failures; damage to or destruction of any network facilities; the enactment of any law, executive order, or judicial decree; or any other circumstance beyond a party's control whether similar or dissimilar to the foregoing) ("Force Majeure") will be deemed to be, or to give rise to, a breach of this Agreement. The party claiming Force Majeure will provide written notice of the circumstances (where possible) and will be entitled to a reasonable extension of time for performing such obligations (the Parties anticipate such extension may be up to 30 days, and would depend on the nature of the Force Majeure event).
5. With the exception of any perpetual access rights as set forth in each applicable Appendix, the Access Rights and the Publishing Rights herein will terminate on the earlier of the expiration or termination of this Agreement. Wiley in its sole discretion may extend access to the Licensed Electronic Products for a limited period of time during the negotiation of a new agreement and subject to the Terms and Conditions of Use and the Customer obligations in Paragraph E.
6. On termination of this Agreement, copies of parts of the Licensed Electronic Products made by the Customer, Authorized Users as authorized under this Agreement or Finnish law may be retained. On termination all rights and obligations of the parties automatically terminate except those set forth in Paragraphs B.6, C, H, and J.

H. WARRANTY AND DISCLAIMERS BY WILEY

1. Wiley represents and warrants that it has the right and authority to make Wiley Online Library available to the Customer and its Authorized Users pursuant to the terms and conditions of this Agreement and that, to the best of Wiley's knowledge, Wiley Online Library and the Electronic Products do not infringe upon any copyright, patent, trade secret or other proprietary right of any third party.
2. Wiley will indemnify and hold the Customer harmless from and against any damages, liabilities, costs and fees (including reasonable attorney's fees) resulting from any judgment against the Customer arising out of the claim of a third party that Wiley's license of the Licensed Electronic Products or the Customer's use thereof constitutes an infringement of any copyright, patent, trade secret or other proprietary right of any such third party. This indemnity will not apply if the claim involves content which has been modified or otherwise used in a manner not permitted under this Agreement, and such modification or prohibited use was the cause of or contributed to the claim. The Customer will give prompt notice of any infringement claim to Wiley, provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and allow Wiley to have the sole control of the defense, provided, however, that the Customer retains the right to participate in the defense at its own expense.

3. Wiley Online Library, the Electronic Products, Author Services, WOAA, and Dashboard may provide Authorized Users with links to third-party websites. Where such links exist, Wiley disclaims all responsibility and liability for the content of such third-party websites. Authorized Users assume sole responsibility for the accessing of third-party websites and the use of any content on such websites.
4. Except for the warranties and indemnities provided by Wiley in Paragraph H.1 and H.2. above,
 - a. WILEY ONLINE LIBRARY, AUTHOR SERVICES, WOAA, DASHBOARD AND THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN ARE PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE, OR IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE;
 - b. THE USE OF THE ELECTRONIC PRODUCTS, WILEY ONLINE LIBRARY, AUTHOR SERVICES, WOAA, DASHBOARD AND ALL MATERIALS CONTAINED THEREIN IS AT THE AUTHORIZED USER'S OWN RISK;
 - c. ACCESS TO WILEY ONLINE LIBRARY, AUTHOR SERVICES, WOAA, DASHBOARD, AND THE ELECTRONIC PRODUCTS MAY BE INTERRUPTED AND MAY NOT BE ERROR FREE; AND
 - d. NEITHER WILEY NOR ANYONE ELSE INVOLVED IN CREATING, PRODUCING OR DELIVERING WILEY ONLINE LIBRARY, AUTHOR SERVICES, WOAA, DASHBOARD, THE ELECTRONIC PRODUCTS, OR THE MATERIALS CONTAINED THEREIN, NOR THE CUSTOMER WILL BE LIABLE IN CONTRACT OR NEGLIGENCE OR OTHERWISE FOR (I) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OR (II) LOSS OF DIRECT OR INDIRECT PROFITS, BUSINESS, CONTRACTS, REVENUE OR ANTICIPATED SAVINGS. FOR THE AVOIDANCE OF DOUBT THIS PARAGRAPH DOES NOT LIMIT THE CUSTOMERS OBLIGATION TO PAY THE FEES AS SET OUT IN APPENDIX C.1.
5. The National Library warrants that it is authorized to enter into this Agreement on behalf of each Customer via power of attorney and that thus each Customer will be a party to this Agreement.

I. DISCLAIMERS BY CUSTOMER

1. FOR THE AVOIDANCE OF DOUBT EACH CUSTOMER (MEMBER OF THE FINELIB CONSORTIUM INCLUDING THE NATIONAL LIBRARY) WILL ONLY BE LIABLE FOR ITS OWN ACTIONS AND DEFAULTS, OTHER THAN FOR THE PAYMENT OF THE FEES LISTED IN APPENDIX C.1, FOR WHICH THE NATIONAL LIBRARY IS LIABLE.

J. CONFIDENTIALITY PROVISIONS

1. While negotiating this Agreement and during the Term thereafter, Wiley may provide the National Library and/or Customer with certain information ("Confidential Information") which may be oral or written (including in electronic format), which Confidential Information will be used by the National Library and/or Customer solely for the purposes of negotiating and implementing this Agreement. For the purposes of this Agreement, Confidential Information is defined to include, but is not limited to, the negotiations for the terms and conditions of this Agreement and surrounding communications, such as the substance of all negotiations relating thereto, all information pertaining to Wiley Online Library which is proprietary to Wiley, and any other material which has either been marked "confidential" by Wiley, or includes non-public

information about access controls, security controls, pricing information, payment and verification and other publishing workflows, or otherwise communicated by Wiley to be confidential, which, by the nature of the circumstances surrounding the disclosure, would be understood to be confidential by a reasonable party.

2. The Customer agrees to take reasonable care to protect the Confidential Information from disclosure to third parties and to limit any disclosure of the Confidential Information to those employees or contractors of the National Library and/or Customer including affiliates on a need-to-know basis in connection with this Agreement, and who have been made aware of these restrictions.
3. Fifteen (15) days after the final signature of the Agreement, the Agreement itself including all Appendices but excluding personal data, will not be considered Confidential information. Wiley acknowledges that the National Library and/or Customer is intending to publish the Agreement excluding personal data.

K. GENERAL PROVISIONS

1. Wiley may assign this Agreement to its successors, subsidiaries or assigns. This Agreement may not be assigned by the Customer except with the prior written consent of Wiley.
2. This Agreement will be construed and interpreted pursuant to the laws of the State of New York applicable to contracts wholly entered into and performed in the State of New York. Any legal action, suit or proceeding arising out of or relating to this Agreement or the breach thereof will be instituted in a court of competent jurisdiction in New York County in the State of New York if Wiley is the defendant, and the place where the Customer has its registered statutory seat, where the central, administration of the Customer is primarily conducted, or where the Customer has the principal place of its business, if the Customer is the defendant; each party hereby consents and submits to the personal jurisdiction of such court, waives any objection to venue in such court and consents to the service of process by registered or certified mail, return receipt requested, at the last known address of such party.
3. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party will be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.
4. Any notice, request, statement or other communication to be given hereunder to any party shall be in writing addressed to Wiley at the address on page one, attention Executive Vice President, and to the Customer's Agreement Administrator at the address on Appendix A, or mailed or delivered to such other address as each party may designate by notice given in like manner, and any such notice, request, statement or other communication, shall be deemed to have been given when received, except that if mailed by registered or certified mail, return receipt requested, or delivered by overnight courier service, it shall be deemed to have been given when mailed as aforesaid or when delivered.
5. This Agreement constitutes the complete understanding of the parties and supersedes all prior understandings between the parties with respect to the subject matter of this Agreement. No modification, amendment, or waiver of any provisions shall be valid unless in writing and signed by the parties. Any waiver in one or more instances by either of the parties of any breach by the other of any terms or provisions contained in this Agreement shall not be considered a waiver of any succeeding or preceding breach. In the event that any clause of this Agreement is determined to be void or unenforceable, the remainder of the Agreement shall survive.
6. All Appendices attached or to be attached to this Agreement are incorporated herein and shall be governed by the terms and conditions of this Agreement unless otherwise specified in such

Appendix. In the event of any conflict between the financial terms of any Invoice Agreement Letter signed by the Customer as defined in Paragraph D.9. above and the terms of this Agreement, the terms of the Invoice Agreement Letter shall govern.

7. Wiley is currently not the subject or target of any sanctions imposed by the sanctions authority of the European Union or the United Nations and to the best of its knowledge neither is any person or entity that is an owner of Wiley. Wiley will inform the National Library without delay if Wiley becomes aware of any change in the sanctions status of itself, or the aforementioned person or entity. If there is a change in the aforementioned sanctions status, the Customer has the right to terminate this Agreement with immediate effect, and, if an authority of the European Union or the United Nations puts Wiley on a sanctions list, the Customer has a right to receive a pro-rata refund of Fees paid as long as Customer is not in breach of this Agreement at the time when Wiley is put on a sanctions list, in which case the refund may be adjusted. Wiley must inform Customer whenever Wiley believes that Customer is in breach of this Agreement.

APPENDIX B: JOURNALS - THE DATABASE

Customers: participating Member Institutions of the FinELib consortium as listed in Appendix A

The Database will comprise all subscription-based journal titles published on Wiley Online Library including titles previously excluded from collections, titles transferred to the Database and titles launched during the Agreement Term as well as British Journal of Radiology (BJR) and Dentomaxillofacial Radiology (DMFR).

1. The complete list of titles included in the Database is available at https://onlinelibrary.wiley.com/pb-assets/PriceLists/Database_Model_Journal_List.pdf. Current at the time of entering into the Agreement list of titles included in the Database is as Appendix B.1.
 - 1.1. The titles British Journal of Radiology (BJR) and Dentomaxillofacial Radiology (DMFR) may be accessed via <https://www.birpublications.org/action/showLogin>. Usage statistics may be obtained via <https://www.birpublications.org/page/usagedata>. Wiley may change the URLs at its sole discretion. Wiley will inform the Customer four weeks in advance of such a change being made.
2. **Access:** The subscription will entitle the Customer to online access to the electronic files of all content published in the journals that comprise the Database during the term of the subscription and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley. Retrospective content for BJR and DMFR is provided back to 2009. For the avoidance of doubt, this does not include any material included in Backfiles for the same journals (Backfiles are the electronic journal content generally prior to 1997 and which are sold on a one-time fee basis and are not included under this Agreement).
3. **Perpetual Access:** Upon termination of this Agreement, unless Wiley has been legally required to cease providing access to certain content (that is, Wiley no longer has the rights to provide access due to a legal or ethical dispute over certain content, such as a copyright, research integrity, or libel dispute over an article), Wiley will provide the Customer with perpetual access to the electronic files of all content published in the journals that comprise the Database during the term of the Agreement. For the avoidance of doubt, the Customer will retain perpetual access rights to electronic files and retrospective content, generally back to 1997, for any journals in which the Customer has such vested rights based on previous agreements. For avoidance of doubt, the terms of this Agreement (including but not limited to sections C and E) apply to all perpetual access and use, regardless from which agreement the perpetual access rights originated. Retrospective content for BJR and DMFR is provided back to 2009. No perpetual access rights are provided under this Appendix B for any material included in Backfiles for the same journals.
4. **Journal Database Fees:** The Database Fee is included in the Annual Access to the Licensed Electronic Products & Publishing Fee per Contract Year as listed in Paragraph D.1. of the Agreement and Appendix C.1. If the Customer decides to execute the Option Year, the Database Fee will be included in the Annual Access to the Licensed Electronic Products & Publishing Fee per Contract Year listed in Paragraph D.1 of the Agreement and Appendix C.1.
5. **Print Subscription Pricing:** The Customer can purchase print subscriptions to journals in the Database at a deeply discounted rate at the prevailing rate. This does not apply to:
 - 5.1. Titles published in e-only format by Wiley.
 - 5.2. Titles for which print subscriptions are only available through a Print-on-Demand option. Print on Demand subscriptions are not eligible for any discount.
 - 5.3. Print subscriptions should be ordered directly via the Wiley Customer Services department, or through an agent.

APPENDIX C: OPEN ACCESS PUBLISHING RIGHT

Customers: participating Member Institutions of the FinELib consortium as listed in Appendix A

1. General.

- 1.1. Wiley agrees, during the Publishing Right Period, in accordance with the terms set forth in this Appendix C and Paragraph D, and subject to the Article Entitlement and the payment of the Annual Access to the Licensed Electronic Products & Publishing Fees, to publish Eligible Articles open access as requested by Eligible Authors in the Hybrid Journals and Gold Journals. Wiley maintains up-to-date, publicly available, online lists of the applicable journals, as described in Appendix C; the online lists govern the journals covered by this Agreement. Wiley is permitted to change the applicable journals from time to time (e.g., including but not limited to where there are adjustments to Wiley's portfolio of journals, Hybrid Journals transition to fully open access journals (i.e., Gold Journals), price changes, etc.). For the avoidance of doubt, no journal will become ineligible under the Agreement by transitioning from Hybrid to Gold.
- 1.2. The article types that are considered primary research articles and review articles will be provided to the Customer as an ongoing reference at regular intervals to be agreed. If Customers have any questions about whether a given article has been correctly classified as a primary research or review article, they can leave an admin note to ask Wiley for further clarification, and then decide whether or not to approve or deny the request. Only the eligible article types enter the WOAA for confirmation or denial.
- 1.3. Open Access License. Before the version of record is published, potentially Eligible Authors of Eligible Articles (and, if different, the owner of any copyright in such articles), must sign Wiley's then-current open access publishing agreement. Eligible Authors will be able to select from the following Creative Commons licenses, as applicable for the particular journal: Attribution International (CC-BY), Attribution Non-Commercial International (CC-BY-NC), Attribution No-Derivatives International (CC-BY-ND), or Attribution Non-Commercial No-Derivatives International (CC-BY-NC-ND). Eligible Authors selecting one of Wiley's Open Access Licenses retain copyright.
- 1.4. As of the date of this Agreement, all of the titles found at the link included in Appendix C are compliant with Plan S.

2. Workflow.

- 2.1. **WOAA Workflow. Hybrid Journals.** Under the Hybrid WOAA Workflow, the potentially Eligible Author, as designated on submission of an Eligible Article, or subsequently identified as such within Author Services, must identify the Eligible Author's affiliation with a Customer by selecting from a standardized list of institutions in the electronic editorial office submission or Author Services systems. Once the affiliation is identified, the Eligible Author will be presented with a choice of publishing open access. Wiley will include sufficient information and guidance to encourage Eligible Authors to publish open access as part of this Agreement (so long as the correct affiliation of the Eligible Author is captured in Wiley systems' metadata) and that they do not need to pay an APC. If an author elects not to publish open access, the article will not be covered by the Article Entitlement.
- 2.2. **WOAA Workflow. Gold Journals.** Under the Gold WOAA Workflow, the Eligible Author who has submitted an Eligible Article in the editorial office submission system must input the affiliation of the Eligible Author by selecting an institution from a standardized list and, for some Gold Journals, also answer a publication charge question in order to request that the article is covered as an Eligible Article by the Article Entitlement.
- 2.3. **Non-Standard Workflow.** For Hybrid Journals that do not follow the WOAA Workflow for Hybrid

and Gold, Wiley will make reasonable efforts to inform the Eligible Author that the Eligible Articles are meant to be published open access under this Agreement where the Eligible Author has identified an affiliation with a Customer in the electronic editorial office submission system (e.g. listing their institution in their article metadata or manuscript.). The list of the small number of journals that follow a Non-Standard Workflow will be provided to the Customer as an ongoing reference at regular intervals to be agreed. Wiley will make every reasonable effort to ensure that the number of journals does not increase during the Agreement Term.

- 2.4. Wiley shall notify the Customer via email and/or the Dashboard (depending on how the Customer has configured the WOAA) each time a potentially Eligible Author of an Eligible Article is identified as affiliated to the Customer and selects the option to publish his/her article as open access for both Hybrid and Gold Journals. The Customer shall then review the pending request, verify if the author is affiliated with the respective Customer, and approve or deny this article within their WOAA. Requests shall be handled promptly by the Customer with the goal of approval or denial of the request within 5 business days. If the Customer requires more than 5 (five) business days for confirming or denying if an author is affiliated, the Customer shall notify Wiley. If the Customer has not notified Wiley, Wiley will publish the article open access given the author indicated a choice to publish open access and signed an Open Access Publishing Agreement. The Customer has the right to reject articles to be published under this Agreement if the author is not affiliated to a Customer, in which case the author will be offered the opportunity to pay the APC or to publish under subscription terms. Wiley and the Customer will review the verification process as set forth herein on regular basis during the duration of the Agreement and will work collaboratively to address any workflow issues that have been identified.
- 2.5. During the Term of the Agreement, if Wiley fails to identify authors of articles in Hybrid Journals as potentially Eligible Authors despite the potentially Eligible Author correctly providing affiliation information at acceptance stage at the latest, Wiley shall be responsible for rectifying the status of the article to open access even after publication. Upon issuing the correction and rectifying the status of the Eligible Article, the Eligible Article will be deducted from the Article Entitlement in Appendix C.1, in accordance with the terms of this Agreement and any APC Wiley may have received from the author or another third party, shall be returned to author or said third party. During the Term of the Agreement, if Wiley fails to identify authors of articles in Gold Journals as potentially Eligible Authors despite the potentially Eligible Author correctly providing affiliation information at acceptance stage at the latest, any APC Wiley may have received from the author or another third party, shall be returned to author or said third party and the Eligible Article will be drawn down from the Article Entitlement in Appendix C.1, in accordance with the terms of this Agreement.
- 2.6. Any article submitted to Wiley which is not an Eligible Article will not be deducted from the Article Entitlement in Appendix C.1, and will be charged separately under Wiley's standard process; alternatively, such author may choose to publish the article on a subscription basis.
- 2.7. The Customer acknowledges that before any material submitted by a potentially Eligible Author is accepted for publication, the potentially Eligible Author or the owner of any copyright in such material will be required to agree to the applicable terms and conditions of publication (including without limitation the Open Access License).
- 2.8. Authors who declares original research funding during the license signing process from the Academy of Finland or another funding body with a CC BY mandate will only be provided with a CC BY license to ensure compliance with funder mandates. For all other authors CC BY 4.0 will be presented as first choice of licenses (listed first), where the journal offers CC BY 4.0. For those journals that do not offer CC BY, the author can request an exception. Wiley will escalate the case to the relevant editorial staff and make all reasonable efforts to ensure an offline license can be signed by the author. Wiley will make reasonable efforts to ensure that potentially Eligible Authors are provided information

about the licensing preferences (CC BY) of the Customer with whom they have declared to be affiliated in accordance with the terms of this Appendix.

The National Library has the right to choose the wording with which the various licensing options are presented in the sections of the Author Services workflow that can be customized for various consortia Customer. In other places where licensing options are described, Wiley will work collaboratively with the Customer to agree appropriate wording.

3. Wiley will:

- 3.1. be responsible for identifying the potentially eligible authors under this Agreement (subject to the verification process set forth above in Paragraph 2 and below in Paragraph 5);
- 3.2. deduct the Eligible Article from the Article Entitlement upon:
 - 3.2.a. acceptance of the article in the Hybrid Journal and confirmation of the affiliation by the Customer;
 - 3.2.b. submission of the article in the Gold Journal and confirmation of the affiliation by the Customer. If the article is rejected after peer review, one article is returned to the Article Entitlement;
- 3.3. not charge an Eligible Author an APC for any Eligible Article as long as the Eligible Author follows the WOAA or the Non-Standard Workflows.
 - 3.3.a. If an Eligible Author follows the WOAA or Non-Standard Workflows but did not select open access publishing, and requests Wiley to change the publication basis within 90 days of publication, Wiley will do so, and the article will be deducted from the Article Entitlement.
 - 3.3.b. If an Eligible Author did not identify themselves as such in the WOAA or Non-Standard Workflow, missed eligibility under the agreement and published behind the paywall, and requests Wiley to change the publication basis within 90 days of publication, Wiley will do so, following confirmation of their affiliation by the Customer, and the article will be deducted from the Article Entitlement.
 - 3.3.c. If an Eligible Author did not identify themselves as such in the WOAA or Non-Standard Workflow, the Eligible Author or their institution paid an APC for the publication of their article that was not covered under this Agreement, and the Eligible Author requests the APC for the article to be covered by this Agreement within 90 days of publication, Wiley will do so, and the article will be deducted from the Article Entitlement. Wiley will refund any APC paid in these cases to the payer.
 - 3.3.d. If an Eligible Author accepted the offer on open access publishing under the Agreement, chose a license other than CC BY 4.0 (or later version), and requests Wiley to change their license type within 90 days of publication, Wiley will reset their license, allowing the Eligible Author to choose a new license from the available options. If an Eligible Author was unable to select a CC BY 4.0 license (or later version) because the journal does not offer that licence as standard, and requests Wiley to change their license type within 90 days of publication, Wiley will escalate the case to the relevant editorial staff and make all reasonable efforts to ensure an offline license can be signed by the Eligible Author.
 - 3.3.e. Paragraphs 3.3.a-c require the applicable Customer to verify the author's eligibility.

- 3.4. include the Customer in the account list for all Hybrid Journals and Gold Journals on Wiley's Author Services site as an account holder;
- 3.5. clearly indicate on Wiley Online Library the Hybrid Journals and Gold Journals articles that are open access; clearly mark the Creative Commons license in the article;
- 3.6. make reports of account activity available to the Customer via the Dashboard containing at least the following information: Account Name, Request Status, Request Approved Date, Full APC, Publisher, Journal, Journal Type, Journal Electronic ISSN, Article Title, Responsible Corresponding Author, Responsible Corresponding Author Email, DOI, Article Accepted Date, Confirmed Article Classification, Confirmed Research Funders, License Type;
- 3.7. provide realtime reporting on all open access articles (including Article Entitlement spent and reserved) across all Customer WOAs to the National Library through the consortia view of the Dashboard;
- 3.8. provide the National Library a consortium level report twice per calendar year. This report will contain the following information regarding the Eligible Articles: a) name and email address of the Eligible Author b) name of the Customer c) funding organisation (research funder) if provided by author d) date of acceptance of Eligible Article e) date of publication f) journal title g) ISSN h) Eligible Article title i) article type j) DOI k) Open Access License l) open access model of the title (Hybrid or Gold). In addition, Wiley will also report twice per calendar year to the National Library any potentially eligible articles for which the Corresponding Author has rejected open access publishing as well as articles accepted for publication in titles included in title list Appendix B that do not offer open access publishing. Notwithstanding the bi-annual report and upon the request of the National Library, Wiley will provide this report in a reasonable timeframe before renegotiating the renewal of the Agreement;
- 3.9. deliver article metadata to Crossref and other relevant parties. The following fields of Crossref's format shall be included:

<ul style="list-style-type: none"> - publisher - title - original-title - DOI - member - type - accepted - container-title 	<ul style="list-style-type: none"> - volume - page - article-number - published-print - published-online - ISSN - license (incl. content-version "vor") - author (incl. ORCID if applicable and affiliation)
--	--

Not all of these fields are available for every article, these will be included whenever they are available and as part of the standard metadata Wiley sends to CrossRef.

4. Open Access Conversion Right.

- 4.1. In Contract Year One only, Customer has the right to request to apply their Article Entitlement to cover articles that fall outside the Eligible Article criteria in Paragraph A.7.c ("OA Conversion Right"), specifically:
 - 4.1.a. any articles that were accepted for publication in a Hybrid Journal (i.e., a Hybrid Journal as of the date of the acceptance of the article), where such acceptance occurred between January 1, 2023 and the Publishing Right Start Date; and/or
 - 4.1.b. except for articles submitted to Hindawi Journals, any articles submitted for publication in a Gold Journal (i.e., in a Gold Journal as of the date of submission of the article), where such submission occurred between January 1, 2023 and the Publishing Right Start Date.

- 4.2. This right described in Section 4.1 of this Appendix C (“OA Conversion Right”) extends only to articles that satisfy the requirements of Sections A.7.a.-b and A.11. (contrary to the definition of Eligible Author, such author may or may not have selected the publication basis (subscription or open access)).
- 4.3. To exercise the OA Conversion Right, the National Library shall, on behalf of the Customers request from Wiley a list of articles eligible for conversion under this Section 4.1. of Appendix C, and Wiley will provide the list of any such articles within two weeks of the request, Then, the National Library on behalf of the Customers must select the articles they would like to convert and inform Wiley in writing about their selection. Wiley will contact the potentially Eligible Authors of the selected articles for final approval as soon as practicable, and the potentially Eligible Author must then confirm the conversion of their article to open access publication and sign Wiley's then-current open access publishing agreement (if applicable).

5. Verification process.

- 5.1. Wiley will identify potentially eligible authors through at least one of the following parameters: their organization name; their e-mail domain; or persistent identifier, such as Ringgold or another recognized institutional identifier, and then request verification from the Customer that the author is an Eligible Author. The current methods for identification have been described in section 2. Wiley is permitted to use additional identification mechanisms during the Term.
- 5.2. It is the sole responsibility of the Customer to verify, within their WOAA that the author qualifies as an Eligible Author (as defined herein). Customer will approve or deny requests for verification from Wiley within 5 days. If a Customer requires more time, it must notify Wiley and Wiley will provide a reasonable extension.

6. Editorial Independence.

- 6.1. Nothing herein will oblige Wiley to publish any article submitted to Wiley by an Eligible Author. The Customer acknowledges that the selection of material to be published is entirely at the discretion of Wiley/the editors and the Customer waives any claim it may have against Wiley in the event that Wiley or its editors refuse or decline to publish any material (or part thereof) submitted by an Eligible Author, or retract any material published by Wiley under this Agreement. An article will be considered to be selected for publication once the Eligible Author has been notified that the article has been accepted and Wiley has received the applicable publishing agreement signed by the right holder(s) of the article.

7. Applicable Gold and Hybrid Journals, and Corresponding APCs, for the Publishing Right

- 7.1. Current at the time of entering into the Agreement lists of Hybrid Journals and Gold Journals is as Appendix C.1.1. Wiley maintains up-to-date, publicly available, online lists of Gold Journals and Hybrid Journals, which are available as follows:
 - 7.1.a. The complete list of titles of Hybrid Journals is available at <https://authorservices.wiley.com/asset/Wiley-Journal-APCs-OnlineOpen.xlsx>
 - 7.1.b. The complete list of titles of Gold Journals is available at <https://authorservices.wiley.com/asset/Wiley-Journal-APCs-Open-Access.xlsx>; and at <https://www.hindawi.com/journals/>.
 - 7.1.c. Wiley may change the URLs at its sole discretion. Wiley will inform the National Library and Customer of the change without delay. These lists govern the journals covered by this Agreement.

Illustrative List of Article Classifications Eligible for Open Access Publishing

Article Classification	Description	Eligibility for OA Publishing in Hybrid and Gold Journal (N=no, Y=yes)
Abstract	Abstracts published as articles, either individually, under sections, or as an entire collection from a conference, and materials related to them, such as Introductions, Author Indices etc.	N
Announcement	Sharing factual information or acknowledgements from the journal or its owners that is not dissemination of knowledge, research, or opinion.	N
Career and Management	Article relating to career development or managing a practice or people or small business for practitioners.	N
Case Study	Detailed report or presentation of the symptoms, signs, diagnosis, treatment, and follow-up of an individual patient or selected disease indications. Usually describes an unusual or novel occurrence or has substantial learning value for readers.	Y
Classification	Classification articles include Rating Scales and other non-eligible article types which do not participate in Author Services.	N
Commentary	Expert opinion from one or more people (who may agree or disagree) on a published work, current understanding/status of an area, or how practice should be undertaken. Generally with references.	Y
Correction	To correct an error or omission in an article, where no ethical concerns have been detected or reported, and the conclusions of the study remain intact	N
Correspondence	A letter, or response to a letter, sent to the journal to raise a point of interest, discuss a difference of opinion or encourage participation	N
Data Article	Detailed description of a dataset and its creation, with the data included in machine-readable format, that enables others to make use of the data. No research done with the data is included.	Y
Editorial	To convey an opinion, or overview of an issue, by the Editor or someone invited by the editor	N
Education	Educational piece that explains a subject, method or current thinking to enable others to understand and/or use it. Does not present new research/findings. May also elicit reflection or test knowledge or thinking, and be linked to professional certification	Y
Events	A curated list of relevant upcoming events in the field of interest of the journal and its readers	N
Index	A list of the contents of an issue, volume, future issue plans	N

Introduction	A introduction to an issue, which may introduce the theme, or highlight selected articles, or preview the full contents of the issue	N
Lecture	Transcript or summary of a speech given at a conference, symposium, workshop or similar, usually an invited speech, given by a recognised expert, an award winner, or elected society officer.	Y
Media Review	Short review on the usefulness/quality of one or more books or other media, to aid readers in decision-making	N
Meeting Report	Summary of developments presented at a meeting, relying largely on the works presented at the meeting, rather than being fully referenced accounts of a field.	N
Method and Protocol	Procedural method in the design and implementation of an experiment or study	Y
News	External factual information to keep readers up to date with events	N
Obituary	Celebration of the life of a deceased researcher of significance, by giving an account of the work and influence of that individual.	N
Opinion	An opinionated, subjective piece by one or more experts, (who may agree or disagree) on a topic or publication.	N
Perspective	Personal opinion on a topic, often with a novel/imaginative approach to a provocative question, with an engaging though rigorous investigation that enhances the understanding of the subject, including new developments, and moderate referencing	Y
Practice and Policy	Public statement of what a representative group of experts agree to be evidence-based and state-of-the-art knowledge on an aspect of practice/policy.	Y
Profile	Life story of a person significant to the field.	N
Rapid Publication	Report of a key new research finding that needs/merits fast dissemination, and so is expedited.	Y
Research Article	Reports of original research, with methods, findings and conclusions.	Y
Retraction or Concern	Flags or warnings to readers in escalating levels, from Notifications (to acknowledge an issue but to indicate no further action), through Expressions of Concern (to indicate problems cannot be resolved and that caution may be needed), to Retractions	N
Review Article	Overview of developments in fields or the current lines of thought. Synthesizes multiple sources of information and has long list of references. Emphasis is more factual and less on opinion.	Y
Short Communication	Brief observations and research reports in a concise format.	Y
Technical Note	Extensions or updates to previously published research, reporting additional controls; projects that did not yield publishable results but represent valuable information regarding protocol and data collection; additions to established tools, experimental or computational methods; description of a database; null results and orphan data; data management plans; description of a specific development, technique or procedure, or a modification of an existing technique, procedure or device; new algorithm or computational method, new experimental method, improved version of an experimental protocol or computational approach, new implementation of an existing algorithm. APPENDIX D: THE EU STANDARD CONTRACTUAL CLAUSES FOR THE TRANSFER OF PERSONAL DATA TO THIRD COUNTRIES

Brussels, 4.6.2021
C(2021) 3972 final

ANNEX

ANNEX

to the

COMMISSION IMPLEMENTING DECISION

**on standard contractual clauses for the transfer of personal data to third countries
pursuant to Regulation (EU) 2016/679 of the European Parliament and of the Council**

ANNEX

STANDARD CONTRACTUAL CLAUSES

SECTION I

Clause 1

Purpose and scope

- (a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation)¹ for the transfer of personal data to a third country.
- (b) The Parties:

¹ Where the data exporter is a processor subject to Regulation (EU) 2016/679 acting on behalf of a Union institution or body as controller, reliance on these Clauses when engaging another processor (sub-processing) not subject to Regulation (EU) 2016/679 also ensures compliance with Article 29(4) of Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (OJ L 295 of 21.11.2018, p. 39), to the extent these Clauses and the data protection obligations as set out in the contract or other legal act between the controller and the processor pursuant to Article 29(3) of Regulation (EU) 2018/1725 are aligned. This will in particular be the case where the controller and processor rely on the standard contractual clauses included in Decision [...].

- (i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter “entity/ies”) transferring the personal data, as listed in Annex I.A. (hereinafter each “data exporter”), and
 - (ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A. (hereinafter each “data importer”)
- have agreed to these standard contractual clauses (hereinafter: “Clauses”).
- (c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.
 - (d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

- (a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46 (2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.
- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:
 - (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
 - (ii) Clause 8 - Module One: Clause 8.5 (e) and Clause 8.9(b); Module Two: Clause 8.1(b), 8.9(a), (c), (d) and (e); Module Three: Clause 8.1(a), (c) and (d) and Clause 8.9(a), (c), (d), (e), (f) and (g); Module Four: Clause 8.1 (b) and Clause 8.3(b);
 - (iii) Clause 9 - Module Two: Clause 9(a), (c), (d) and (e); Module Three: Clause 9(a), (c), (d) and (e);
 - (iv) Clause 12 - Module One: Clause 12(a) and (d); Modules Two and Three: Clause 12(a), (d) and (f);
 - (v) Clause 13;
 - (vi) Clause 15.1(c), (d) and (e);
 - (vii) Clause 16(e);
 - (viii) Clause 18 - Modules One, Two and Three: Clause 18(a) and (b); Module Four: Clause 18.
- (b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

- (a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.
- (b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.
- (c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

Clause 7 - Intentionally Omitted

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

MODULE ONE: Transfer controller to controller

8.1 Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B. It may only process the personal data for another purpose:

- (i) where it has obtained the data subject's prior consent;
- (ii) where necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (iii) where necessary in order to protect the vital interests of the data subject or of another natural person.

8.2 Transparency

- (a) In order to enable data subjects to effectively exercise their rights pursuant to Clause 10, the data importer shall inform them, either directly or through the data exporter:
 - (i) of its identity and contact details;
 - (ii) of the categories of personal data processed;
 - (iii) of the right to obtain a copy of these Clauses;
 - (iv) where it intends to onward transfer the personal data to any third party/ies, of the recipient or categories of recipients (as appropriate with a view to providing meaningful information), the purpose of such onward transfer and the ground therefore pursuant to Clause 8.7.
- (b) Paragraph (a) shall not apply where the data subject already has the information, including when such information has already been provided by the data exporter, or providing the information proves impossible or would involve a disproportionate effort for the data importer. In the latter case, the data importer shall, to the extent possible, make the information publicly available.
- (c) On request, the Parties shall make a copy of these Clauses, including the Appendix as completed by them, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including personal data, the Parties may redact part of the text of the Appendix prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information.
- (d) Paragraphs (a) to (c) are without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.3 Accuracy and data minimisation

- (a) Each Party shall ensure that the personal data is accurate and, where necessary, kept up to date. The data importer shall take every reasonable step to ensure that personal data that is inaccurate, having regard to the purpose(s) of processing, is erased or rectified without delay.
- (b) If one of the Parties becomes aware that the personal data it has transferred or received is inaccurate, or has become outdated, it shall inform the other Party without undue delay.
- (c) The data importer shall ensure that the personal data is adequate, relevant and limited to what is necessary in relation to the purpose(s) of processing.

8.4 Storage limitation

The data importer shall retain the personal data for no longer than necessary for the purpose(s) for which it is processed. It shall put in place appropriate technical or organisational measures to ensure compliance with this

obligation, including erasure or anonymisation² of the data and all back-ups at the end of the retention period.

8.5 Security of processing

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the personal data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access (hereinafter “personal data breach”). In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subject. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner.
- (b) The Parties have agreed on the technical and organisational measures set out in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.
- (c) The data importer shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (d) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the personal data breach, including measures to mitigate its possible adverse effects.
- (e) In case of a personal data breach that is likely to result in a risk to the rights and freedoms of natural persons, the data importer shall without undue delay notify both the data exporter and the competent supervisory authority pursuant to Clause 13. Such notification shall contain i) a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), ii) its likely consequences, iii) the measures taken or proposed to address the breach, and iv) the details of a contact point from whom more information can be obtained. To the extent it is not possible for the data importer to provide all the information at the same time, it may do so in phases without undue further delay.
- (f) In case of a personal data breach that is likely to result in a high risk to the rights and freedoms of natural persons, the data importer shall also notify without undue delay the data subjects concerned of the personal data breach and its nature, if necessary in cooperation with the data exporter, together with the information referred to in paragraph (e), points ii) to iv), unless the data importer has implemented measures to significantly reduce the risk to the rights or freedoms of natural persons, or notification would involve disproportionate efforts. In the latter case, the data importer shall instead issue a public communication or take a similar measure to inform the public of the personal data breach.
- (g) The data importer shall document all relevant facts relating to the personal data breach, including its effects and any remedial action taken, and keep a record thereof.

8.6 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person’s sex life or sexual orientation, or data relating to criminal convictions or offences (hereinafter “sensitive data”), the data importer shall apply specific restrictions and/or additional safeguards adapted to the specific nature of the data and the risks involved. This may include restricting the personnel permitted to access the personal data, additional security measures (such as pseudonymisation) and/or additional restrictions with respect to further disclosure.

8.7 Onward transfers

The data importer shall not disclose the personal data to a third party located outside the European Union³ (in the

² This requires rendering the data anonymous in such a way that the individual is no longer identifiable by anyone, in line with recital 26 of Regulation (EU) 2016/679, and that this process is irreversible.

³ The Agreement on the European Economic Area (EEA Agreement) provides for the extension of the European Union's internal market to the three EEA States Iceland, Liechtenstein and Norway. The Union data protection legislation, including Regulation (EU) 2016/679, is covered by the EEA Agreement and has been incorporated into Annex XI thereto. Therefore, any disclosure by the data importer to a third party located in the EEA does not qualify as an onward transfer for the purpose of these Clauses.

same country as the data importer or in another third country, hereinafter “onward transfer”) unless the third party is or agrees to be bound by these Clauses, under the appropriate Module. Otherwise, an onward transfer by the data importer may only take place if:

- (i) it is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 of Regulation (EU) 2016/679 with respect to the processing in question;
- (iii) the third party enters into a binding instrument with the data importer ensuring the same level of data protection as under these Clauses, and the data importer provides a copy of these safeguards to the data exporter;
- (iv) it is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings;
- (v) it is necessary in order to protect the vital interests of the data subject or of another natural person; or
- (vi) where none of the other conditions apply, the data importer has obtained the explicit consent of the data subject for an onward transfer in a specific situation, after having informed him/her of its purpose(s), the identity of the recipient and the possible risks of such transfer to him/her due to the lack of appropriate data protection safeguards. In this case, the data importer shall inform the data exporter and, at the request of the latter, shall transmit to it a copy of the information provided to the data subject.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.8 Processing under the authority of the data importer

The data importer shall ensure that any person acting under its authority, including a processor, processes the data only on its instructions.

8.9 Documentation and compliance

- (a) Each Party shall be able to demonstrate compliance with its obligations under these Clauses. In particular, the data importer shall keep appropriate documentation of the processing activities carried out under its responsibility.
- (b) The data importer shall make such documentation available to the competent supervisory authority on request.

MODULE FOUR: Transfer processor to controller [INTENTIONALLY DELETED]

Clause 9

Use of sub-processors

MODULE TWO: Transfer controller to processor [INTENTIONALLY DELETED]

MODULE THREE: Transfer processor to processor [INTENTIONALLY DELETED]

Clause 10

Data subject rights

MODULE ONE: Transfer controller to controller

- (a) The data importer, where relevant with the assistance of the data exporter, shall deal with any enquiries and requests it receives from a data subject relating to the processing of his/her personal data and the exercise of his/her rights under these Clauses without undue delay and at the latest within one month of the receipt of the enquiry or request.⁴ The data importer shall take appropriate measures to facilitate such enquiries, requests and the exercise of data subject rights. Any information provided to the data subject shall be in an intelligible and easily accessible form, using clear and plain language.
- (b) In particular, upon request by the data subject the data importer shall, free of charge :

⁴ That period may be extended by a maximum of two more months, to the extent necessary taking into account the complexity and number of requests. The data importer shall duly and promptly inform the data subject of any such extension.

- (i) provide confirmation to the data subject as to whether personal data concerning him/her is being processed and, where this is the case, a copy of the data relating to him/her and the information in Annex I; if personal data has been or will be onward transferred, provide information on recipients or categories of recipients (as appropriate with a view to providing meaningful information) to which the personal data has been or will be onward transferred, the purpose of such onward transfers and their ground pursuant to Clause 8.7; and provide information on the right to lodge a complaint with a supervisory authority in accordance with Clause 12(c)(i);
 - (ii) rectify inaccurate or incomplete data concerning the data subject;
 - (iii) erase personal data concerning the data subject if such data is being or has been processed in violation of any of these Clauses ensuring third-party beneficiary rights, or if the data subject withdraws the consent on which the processing is based.
- (c) Where the data importer processes the personal data for direct marketing purposes, it shall cease processing for such purposes if the data subject objects to it.
- (d) The data importer shall not make a decision based solely on the automated processing of the personal data transferred (hereinafter “automated decision”), which would produce legal effects concerning the data subject or similarly significantly affect him / her, unless with the explicit consent of the data subject or if authorised to do so under the laws of the country of destination, provided that such laws lay down suitable measures to safeguard the data subject’s rights and legitimate interests. In this case, the data importer shall, where necessary in cooperation with the data exporter:
- (i) inform the data subject about the envisaged automated decision, the envisaged consequences and the logic involved; and
 - (ii) implement suitable safeguards, at least by enabling the data subject to contest the decision, express his/her point of view and obtain review by a human being.
- (e) Where requests from a data subject are excessive, in particular because of their repetitive character, the data importer may either charge a reasonable fee taking into account the administrative costs of granting the request or refuse to act on the request.
- (f) The data importer may refuse a data subject’s request if such refusal is allowed under the laws of the country of destination and is necessary and proportionate in a democratic society to protect one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679.
- (g) If the data importer intends to refuse a data subject’s request, it shall inform the data subject of the reasons for the refusal and the possibility of lodging a complaint with the competent supervisory authority and/or seeking judicial redress.

MODULE TWO: Transfer controller to processor [INTENTIONALLY DELETED]

MODULE THREE: Transfer processor to processor [INTENTIONALLY DELETED]

MODULE FOUR: Transfer processor to controller [INTENTIONALLY DELETED]

Clause 11

Redress

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
- (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
 - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.

- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

MODULE ONE: Transfer controller to controller

MODULE FOUR: Transfer processor to controller

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.
- (b) Each Party shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages that the Party causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter under Regulation (EU) 2016/679.
- (c) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (d) The Parties agree that if one Party is held liable under paragraph (c), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its / their responsibility for the damage.
- (e) The data importer may not invoke the conduct of a processor or sub-processor to avoid its own liability.

MODULE TWO: Transfer controller to processor [INTENTIONALLY DELETED]

MODULE THREE: Transfer processor to processor [INTENTIONALLY DELETED]

Clause 13

Supervision

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

- (a) [Where the data exporter is established in an EU Member State:] The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.
- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC

AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the Clauses

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

MODULE FOUR: Transfer processor to controller

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
 - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
 - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards⁵;
 - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can

⁵ As regards the impact of such laws and practices on compliance with these Clauses, different elements may be considered as part of an overall assessment. Such elements may include relevant and documented practical experience with prior instances of requests for disclosure from public authorities, or the absence of such requests, covering a sufficiently representative time-frame. This refers in particular to internal records or other documentation, drawn up on a continuous basis in accordance with due diligence and certified at senior management level, provided that this information can be lawfully shared with third parties. Where this practical experience is relied upon to conclude that the data importer will not be prevented from complying with these Clauses, it needs to be supported by other relevant, objective elements, and it is for the Parties to consider carefully whether these elements together carry sufficient weight, in terms of their reliability and representativeness, to support this conclusion. In particular, the Parties have to take into account whether their practical experience is corroborated and not contradicted by publicly available or otherwise accessible, reliable information on the existence or absence of requests within the same sector and/or the application of the law in practice, such as case law and reports by independent oversight bodies.

be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

MODULE FOUR: Transfer processor to controller

15.1 Notification

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:
 - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
 - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the Clauses and termination

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
 - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
 - (ii) the data importer is in substantial or persistent breach of these Clauses; or
 - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.
- (d) [For Modules One, Two and Three: Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data.] The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

[OPTION 1: These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of Finland.

[OPTION 2 (for Modules Two and Three): [INTENTIONALLY DELETED]

MODULE FOUR: Transfer processor to controller [INTENTIONALLY DELETED]

Clause 18

Choice of forum and jurisdiction

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of Finland.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.

MODULE FOUR: Transfer processor to controller [INTENTIONALLY DELETED]

APPENDIX

EXPLANATORY NOTE: It must be possible to clearly distinguish the information applicable to each transfer or category of transfers and, in this regard, to determine the respective role(s) of the Parties as data exporter(s) and/or data importer(s). This does not necessarily require completing and signing separate appendices for each transfer/category of transfers and/or contractual relationship, where this transparency can be achieved through one appendix. However, where necessary to ensure sufficient clarity, separate appendices should be used.

ANNEX I

A. LIST OF PARTIES

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

MODULE FOUR: Transfer processor to controller

Data exporter(s): *[Identity and contact details of the data exporter(s) and, where applicable, of its/their data protection officer and/or representative in the European Union]*

1. Name: Each Customer listed in Appendix A Address: listed in appendix A

Contact person's name, position and contact details: for each Customer listed in Appendix A
At the National Library:

[REDACTED]
[REDACTED]
[REDACTED]

Activities relevant to the data transferred under these Clauses: enabling the importer to provide services in accordance with the agreement

Signature and date: ...

Role (controller/processor): controller

Data importer(s): *[Identity and contact details of the data importer(s), including any contact person with responsibility for data protection]*

1. Name: John Wiley & Sons Inc, 111 River Street, Hoboken, NJ 07030, USA
Wiley Periodicals, LLC, 111 River Street, Hoboken, New Jersey 07030, United States

John Wiley & Sons A/S, Rosenørns alle 1, Frederiksberg, Denmark 1970, Denmark
Hindawi Limited, The Atrium, Southern Gate, Chichester, West Sussex PO19 8SQ, England

Contact person's name, position and contact details: [REDACTED]

Activities relevant to the data transferred under these Clauses: provision of services in accordance with the agreement

Signature and date: ...

Role (controller/processor): controller

B. DESCRIPTION OF TRANSFER

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

MODULE FOUR: Transfer processor to controller

Categories of data subjects whose personal data is transferred

Authorised users as defined in the agreement.

Categories of personal data transferred

Institutional IP-addresses used by authorized users, names and contact information of library personnel at Customer institutions.

Sensitive data transferred (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

No sensitive data is transferred.

The frequency of the transfer (e.g. whether the data is transferred on a one-off or continuous basis).

Contact information is a one time transfer at the start of the agreement term. IP- addresses are transferred at the start of the agreement term and updated (added, deleted) as needed throughout the agreement term.

Nature of the processing

Contact information of library personnel: storage and use for administration of the agreement.

IP-addresses: Storage and use for the provision of the services defined in the agreement.

Purpose(s) of the data transfer and further processing

Contact information of library personnel: for importer to have a direct line of contact to their contractual partners.

IP-addresses: to enable access to licensed electronic resources to authorised users and to collect aggregate usage data.

period for which the personal data will be retained, or, if that is not possible, the criteria used to determine that period

The duration of the agreement term unless the agreement is renewed (as may be applicable to one or more Customer institutions). For avoidance of doubt, during the agreement term data that is out of date or no longer valid, must be deleted on instructions from the exporter.

For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing

Contact information of library personnel and IP addresses are transferred to processors to fulfill the services agreed to in the Agreement. The duration of the processing is the term of the Agreement. Processors are US based Amazon, Google, Synoptek, Equinix, Sendgrid, Cloudflare, and NetApp.

ANNEX II - TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

MODULE ONE: Transfer controller to controller

MODULE TWO: Transfer controller to processor

MODULE THREE: Transfer processor to processor

Cybersecurity and Privacy Strategy

Wiley protects its infrastructure and the personal data within it according to the information security principles of confidentiality, integrity, and availability. Our security program is based on the NIST Cybersecurity Framework (CSF), including but not limited to our policies, standard operating procedures, and technical controls. Our privacy program is based on the NIST Privacy Framework to complement and expand our security controls while meeting contractual and legal privacy requirements. Wiley's approach to security and personal data protection incorporates both technical controls and organizational processes.

Confidentiality

A mandatory security education and awareness program is in place to educate internal users on the importance of their obligation to protect the confidentiality of personal data. Employee background checks are performed before granting personnel any data access, and employees are required to acknowledge the commitment to confidentiality of any data they may access in the performance of their duties. Single sign-on (SSO), multi-factor authentication (MFA), and complex password requirements are in place to enforce secure authentication. Wiley follows the principle of least privilege by restricting data access to only individuals with a valid job-based reason to access production information.

Vendor contractual obligations are required for third-party processors prior to any personal data access or transfer to require that the same level of protection be maintained throughout the duration of any vendor engagements, with stipulations covering security and confidentiality of personal data.

Endpoint protection is implemented to prevent and detect malware and other security threats. Firewalls and network anomaly detection systems are continuously monitored by the Wiley Security Operations Center (SOC). The Wiley SOC monitors all system security alerts and investigates incidents which may impact the confidentiality, integrity, or availability of the environment or data within it.

Integrity

Wiley uses third-party data hosting center vendors with appropriate physical security and environmental controls which adhere to SOC 2 Type II as well as ISO 27001 certification standards. Production data is separated from development environments, and a formal change management process is in place to prevent unauthorized changes. To manage vulnerabilities, monthly scans are performed to confirm that the appropriate level of security patching and configuration is maintained. Secure audit logs are in place for nonrepudiation and traceability.

Availability and Resilience

Wiley uses industry-recognized hosted data center vendors with ISO 27001 and SOC 2 certifications to achieve high availability and resilience. Business continuity and disaster recovery plans are in place and tested periodically to confirm process effectiveness. Backups are taken and stored per data classification and retention requirements to enable restoration. Anti-DDoS capabilities are in place, and application security reviews are conducted on Wiley sites.

Risk Management

Wiley has implemented a data risk management strategy that considers the risks of accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to personal data transmitted, stored, or otherwise processed. Wiley considers the likelihood and severity of the risks to individuals whose personal data Wiley may process in the performance of service contracts. Data protection is considered throughout the lifecycle of products and services, and technical personnel are trained in privacy by design and default.

Incident Response and Breach Notification

Wiley maintains a 24x7x365 Security Operations Center (SOC) that responds to and investigates system or

security alerts as well as reported incidents. Wiley has implemented an Incident Response Plan (IRP) which prioritizes regulator and/or client breach notification requirements when they are applicable to a security or privacy incident.

For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter

Wiley requires processors to enter into a contractual agreement with Wiley to maintain the appropriate technical and organizational measures as required by applicable data protection laws. Across the several processors that are utilized there are hundreds of security controls and policies that are in place to ensure that data is protected and that communications are available if assistance is needed. Examples of the technical and organisational measures includes:

- *Protection of data through encryption at rest and in transit, along with access to data being based strictly on need.*
- *Protection of electronic access based on appropriate controls such as complex passwords, no shared passwords, and role-based access.*
- *Protection of physical access including the need for positive identification, biometric identification, full authorization and scheduling needed for access, and restrictions on what can be brought onsite*
- *Adherence to government regulations for privacy and security.*
- *Regular completion of industry-based audits and certifications such as SOC 2 audits, ISO 27001 certifications, etc.*
- *Communication processes available immediately upon the detection of a security event that affects the data in scope.*
